Memo

1201 Porter St

The structure at 1201 Porter was inspected by me David L Alley III on 7/31/2018, attached is a copy of my inspection report. The inspection was for a consultation only to review the temporary stabilization placed per the approved stabilization plans provided by the engineer Charles R Fields, attached is a copy of the approved stabilization plans. There is also no stabilization of structural members being supported by un-grouted (CMU) cement masonry units. The stabilization plan is only good for 2 years as stated on the plans.

Here are my notes on the inspection report dated 7/31/2018:

Inspected by David Alley Senior Building Supervisor

Note: Temporary stabilization in place per Engineers plans

Note: Need bolting methods clarified by engineer prior to completion of temporary stabilization.

In conclusion no other correspondence was received from the owner or the engineer for this project.

Sincerely,

DAVID L ALLEY III
OPERATIONS MANAGER OF INSPECTIONS
CBO

Property Information

Parcel ID 5000007011
Zoning R-0
Use Residential
Setbacks Front Yard = 10 feet and 10 feet
Side Yard = 3 feet
Rear Yard = 3 feet
Lot Coverage 15%

Scope of Work

Scope of work will generally consist of the temporary stabilization of a deteriorating existing structure in accordance with these plans and the IRC, 2012

The work will include:

1. Removal of debris.
2. Bracing and stabilization according to these plans.
3. Removal of rotted or failed structural elements.

Proposed stabilization should be adequate for (2) two years.

General Notes

1. The structure will be braced in accordance with the 2012 edition of the "International Residential Code", the Statewide Uniform Building Code and the applicable City of Richmond ordinances.
2. The contractor is responsible for compliance with City, State and Federal job site safety requirements.
3. The contractor shall verify all dimensions and conditions prior to start of work, and any discrepancies will immediately be brought to the attention of the engineer.
4. All elements of the building that were intended to be plumb and vertical must be plumb and vertical.
5. The exterior renovation will be completed under a separate building permit.

INRACITY CORRESPONDENCE

April 16, 2020
Summary of 1201 Porter –

1. **Copy of Deed** - Mr. Williams has been owner of this property since May 2002. Records indicate that property has been vacant since 1997.
2. **Derelict Building Program** – Property was place in the Derelict Building Program in 2016.
3. **Unsafe Notice of Violation** – 1st Unsafe Notice of Violation Notice and Hazardous Structure Letter was sent to owner on November 7, 2017.
 - **Certified mail was returned unclaimed – regular mail did not come back.**
4. **Derelict Building Program** – Additional Letter was sent January 22, 2018 letting Mr. Williams know that his property had been placed in the Derelict Building Program.
 - **Received work plan dated 1/22/2018 from Mr. Williams indicating that he would be renovating the building. However the work plan was vague and was not approved. No work was completed as indicated on the work plan.**
5. **Unsafe Notice of Violation** – 2nd Unsafe Notice of Violation sent to owner on December 5, 2018.
 - **Owner responded in writing on the Notice - “I accept your offer, under full immunity without recourse/all rights reserved Aboriginal American Indian received 12/14/2018”**
 - **Certified mail returned unclaimed –it appears his response above was done on the letter sent regular mail.**
6. **Unsafe Notice of Violation** – 3rd Unsafe Notice of Violation sent to owner on March 13, 2019.
7. **Communication** – documented in Energov with staff that have had conversation with Mr. Williams about the condition of his property.

SUBJECT: **Notice of Determination of a Derelict Building**
Request for Submission of a Plan to demolish or renovate the Derelict Building to address the current public's endangerment of health, safety or welfare at: 1201 Porter St. Richmond, VA.

Williams, David B.
P.O. Box 231.
Grimesland, N.C.27837

Dear: David B. Williams

As the Commissioner of Buildings, I have made a determination that the referenced property is a derelict building according to Section 5-146 of the code of the City of Richmond.

Therefore, in accordance with Section 5-148 of the code of the City of Richmond you have ninety (90) days from the above date to respond with the submittal of a plan, acceptable to my office, to protect the public's health, safety or welfare by demolishing or renovating this derelict building.

If you fail to respond within ninety (90) days with a plan that is acceptable, staff will initiate one or more of the following actions as provided by the City's Derelict Building Program.

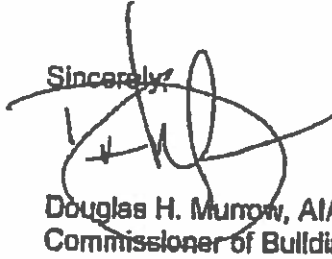

- Legal action for a Class 2 misdemeanor – each day shall be a separate violation
- The City may proceed to make repairs and secure the derelict building under Code of Virginia 1§5.2-906, abate or remove a nuisance under Code of Virginia §15.2-900 or request to act as receivership under Code of Virginia §15.2-907.2

**SUBJECT: Notice of Determination of a Derelict Building
1201 Porter Street**

As an incentive, certain permit fees are reduced for designated derelict buildings and certain tax abatement fees are also offered. Staff can review these benefits with you at the time of your plan submittal.

Please submit your plan to my attention, Douglas H. Murrow, AIA, CBO, Commissioner of Buildings, City of Richmond Bureau of Permits and Inspections, 900 E. Broad Street, Room 110, Richmond, VA 23219, using the attached forms. If you have any questions or concerns please contact me at (804) 646-6958.

Sincerely,

A handwritten signature in black ink, appearing to read 'D. Murrow', is written over the word 'Sincerely,'. The signature is stylized and somewhat circular.

Douglas H. Murrow, AIA, CBO

NOTICE OF VIOLATION - UNSAFE STRUCTURE

City of Richmond

Department of Planning & Development Review

Property Maintenance Division

900 E. Broad Street, Room G-12

Richmond, Virginia 23219

November 07, 2017

Tracking #: 002659-2016

Inspector: Hansen Fields

Phone: (804) 646-0455

Map Reference: 1084499_S0000087011

Property located at: 1201 Porter St

Building use at time of inspection: Multi Family Residential

A City of Richmond Property Maintenance Inspector inspected the structure specified above on 07/26/2016. The listed violations of the Virginia Maintenance Code (VMC) 2012 as amended and adopted by the City of Richmond Code Section 5-1 were found to exist. The violations cited must be abated by 11/30/2017 or as specified in the Special Orders included in the attached report.

Upon expiration of the abatement date the structure will be re-inspected for code compliance.

Failure to comply with this Notice may result in legal action and fines of up to \$2,500.00 per violation if convicted (VMC Section 104.5.6 and VMC Section 104.5.7). In addition, the City may disallow occupancy, placard the structure, or abate the unsafe condition(s). A lien may be attached to the tax bill for administrative fees and any incurred costs.

You have the right to appeal this notice. Appeals must be made within fourteen (14) days of receipt of this Notice of Violation. A fee shall accompany your appeal. (VMC Section 106.5)

All codes referenced herein are from the Virginia Maintenance Code unless otherwise stated.

If you have questions regarding this Notice of Violation, you should contact me between 8:00 a.m. and 5:00 p.m. at (804) 646-0455.

Report of Unsafe Conditions

105.1 US - Unsafe Structure

Structure Or Equipment Therein Is Found Unsafe Due To Damage, Deterioration Or The Conditions Found And May Warrant Condemnation.

Derelict Notification er previously sent.

3

Re: 1201 Porter St Richmond, VA. 23224

This structure has been deemed hazardous due to the many damaged, missing and rotten compromised internal framing and support elements (floor joists and wall studs). Much of the load bearing support at the center of the structure has been removed and the temporary support appears to be insufficient and incorrectly installed for the imposed load. The opening at the rear of the second floor and the damage to the rear roof area are allowing the weather elements to enter the structure which will further deteriorate the remaining framing components. The chimney at the rear has collapsed from the crown down to the roof line. You must therefore, make application for a demolition permit to demolish this structure by November 13, 2017. Once the demolition permit is issued you will 15 days to complete the demolition. If you choose not to demolish this structure you must provide this office a temporary stabilization plan by November 13, 2017. If temporary stabilization of this structure is approved and implemented you must then make application for a building permit to address and correct all of the unsafe elements associated with this building by November 30, 2017. Failure to comply with the dates indicated may result in the City of Richmond demolishing the structure and placing a lien against the property for the cost of the demolition. In, addition this structure is also in the City of Richmond "Derelict Building Program" and all actions in regards to demolition or repair must proceed through the Derelict Building Program. This includes election option and a completed and approved work plan for renovation.

If permits are required to correct the conditions cited in this notice, this document or a copy thereof will be needed to obtain them. Permits can be obtained from: Permits and Inspections Division, 900 E. Broad Street, Room 110, Richmond, Virginia 23219

Additional responsibilities as a property owner:

Approximately 3,300 properties are in the City Old and Historic District. To determine whether or not your property falls within a City Old and Historic District, go to <http://www.richmondgov.com/richhistory> and click on the link "ViewMap of City Old & Historic Districts".

A *Certificate of Appropriateness* is required when any proposed work alters the exterior appearance of the property as it is viewed from a public street or alley. Certificates must be obtained before work can begin. For work requiring a building permit, no permit will be issued without a Certificate. This review procedure is required not only for the main structure on a lot but also accessory buildings, fences, exterior lighting, driveways and walks, and any other features visible to the public.

As in any review process some preplanning is necessary. Please direct any questions or requests to: Secretary, Commission of Architectural Review, Department of Planning & Development Review, 900 East Broad Street

Sincerely,

Hansen Fields

DEMOLITION OF UNSAFE HAZARDOUS STRUCTURES

Re: 1201 Porter St
 Owner: David B. Williams
5720 Sheridan La.
Richmond, Va. 23224
 Date: 11/08/2017

As provided by the Virginia Maintenance Code (VMC) made applicable by:
 § 36-105 of the Code of Virginia; The Administrative Amendments; and The ICC International
 Property Maintenance Code 2012, as adopted:

Violations and Code References

Code of Virginia:

- § 15.2-906 Authority to Require Removal, Repair, Etc. of Buildings and Other Structures
- § 15.2-1115 Abatement or removal of nuisances

Virginia Maintenance Code:

- § 104.5 Powers and Duties
- § 105 Unsafe Structures or Structures Unfit for Habitation
- § 105.4 Notice of Unsafe Structure or Structure Unfit for Human Occupancy
- § 105.9 Emergency Repairs and Demolition

Richmond Code of Ordinances

- § 5-11 Disregard of Unsafe or Hazardous Buildings

AND

Pursuant to City Code 114-950.6 (f) Commissioner of Buildings Provides Notification to the
 Commission of Architecture Review and the State Historic Resources Department of Demolition
 of Property located in the City of Richmond's Old and Historic Districts as required.

Therefore, the Commissioner of Buildings has ordered this structure

be removed by the City of Richmond

SUBJECT: Notice of Determination of a Derelict Building
 1201 Porter Street
 Richmond VA

As the property owner of the subject property I acknowledge receipt of the Notice of Determination of a Derelict Building.

I am electing the following option:

Demolition of structure to protect the public's health, safety or welfare

If you are selecting this option I am requesting that you contact Mr. Hansen Fields at (804) 646-0455 to discuss additional options available to you.

Renovation of structure to protect the public's health, safety or welfare

By electing this option you have chosen to renovate your property and assist the city in Building a Better Richmond. This option will require you to work closely with the city to ensure that the rehabilitation is done as smoothly and quickly as possible.

Mr. Hansen Fields has been assigned as your lead inspector. The next step in the process is to schedule an appointment with Mr. Hansen Fields so an inspection can be conducted. This will allow us to identify what needs to be done in order to rehabilitate the property and meet the requirements for occupancy. Once the inspection has taken place you will be required to submit a comprehensive work plan that will address all of the repairs that will need to be completed and the timeframe that they will be completed. This plan will be reviewed by the Building Commissioner or his designee to ensure that all elements required have been addressed in the work plan. Once this has taken place you will need to either obtain the services of a contractor or make application for a building permit as the owner, to start the rehabilitation process.

It is our intent to work with you through these processes to make it as straightforward and uncomplicated as possible. The Commissioner has established a standing meeting opportunity on each Third Thursday between the hours of 2:00pm – 4:00pm at City Hall Room G12, where you will be able to come in and discuss your work plan, progress or any other concerns that you may have. This however, does not limit other opportunities to call and speak with someone. Mr. Hansen Fields has been assigned as your lead inspector for this project and you may reach out to him at any time for questions or additional information. He can be reached at (804) 646-0455 or cell (804) 385-0696

Once you have selected your option please mail this form back to us at the address noted above. If you prefer you may also fax this information back at (804) 646-0798. Please provide us with a contact number where you can be reached.

Work Plan

4

Date: 1/22/18

The following work plan is being submitted for review by the Commissioner of Buildings in accordance with the Derelict Program for the property located at 1201 Porter Street and addresses all repairs that need to be made at this property.

EXTERIOR of STRUCTURE

APPROVED DENIED DATE _____

Roof - No work needed
Describe scope of work needed to make repair --

- Roof will be assessed in detail after building stabilization has been performed.
- Based on the roof assessment, repairs to be performed as needed.
- If repairs are required, roof repairs will be completed (weather permitting) within 45 business days after the building stabilization has been completed.
- If weather delays occur a revised schedule will be provided to the City of Richmond; the City of Richmond will acknowledge the revised schedule and update the roof repair timeline to reflect.
- If a permit is required the time required for the City of Richmond to dispatch and inspect will be in addition to the 45 business days.

Permit Required - Yes No Time Frame to Complete: Approx. 45 business days

Exterior Walls - No work needed
Describe scope of work needed to make repairs-

- Work is pending the City of Richmond's (permits and inspection) approval and issuance of a stabilization/building plan/permit if applicable.
- Brace exterior walls per stabilization plan submitted to the City of Richmond (permits and inspection).
- Building stabilization will be performed within 45 business days (weather permitting) of approval/permit issued by the City of Richmond in writing.
- Tuck point mortar joints and repair/replace damaged bricks as needed, if applicable.
- Tuck point mortar joints and repair/replace damaged bricks will be performed within 60 business days (weather permitting) of approval/permit issued by the City of Richmond in writing and the completion of the building stabilization.
- If weather delays occur a revised schedule will be provided to the City of Richmond; the City of Richmond will acknowledge the revised schedule and update the exterior wall stabilization/repair timeline to reflect.
- If a permit is required the time required for the City of Richmond to dispatch and inspect will be in addition to the 45 - 60 business days.

Permit Required - Yes No Time Frame to Complete: Approx. 45-60 business days

Foundation - No work needed
Describe scope of work needed to make repairs-

- No work needed based on current assessment of property.

Permit Required - Yes No Time Frame to Complete: _____

Porches Front/Rear - No work needed
Describe scope of work needed to make repairs-

- Upon approval to proceed by the City of Richmond and any other applicable ordinances, front and rear porches will be constructed per plans submitted to the City of Richmond (permits and inspection). The construction of the front and rear porches will be performed within 60 business days after the completion of the exterior walls and roof repair/replacement.
- If weather delays occur a revised schedule will be provided to the City of Richmond; the City of Richmond will acknowledge the revised schedule and update the front/rear porch timeline to reflect.
- If a permit is required the time required for the City of Richmond to dispatch and inspect will be in addition to the 60 business days.

Permit Required - Yes No

Time Frame to Complete: Approx. 60 Business Days

Windows and Doors - No work needed
Describe scope of work needed to make repairs-

- Repair/replace doors and windows as needed if applicable. Door and window repair/replacement are contingent upon material availability/lead-time. Upon the reception of the required materials, window repair/replacement will be performed within 120 business days (weather permitting) of materials received. If applicable, material lead-time schedule will be provided to the City of Richmond (permits and inspection).
- If weather delays occur a revised schedule will be provided to the City of Richmond; the City of Richmond will acknowledge the revised schedule and update the window and door timeline to reflect.
- If a permit is required the time required for the City of Richmond to dispatch and inspect will be in addition to the 120 business days.

Permit Required - Yes No

Time Frame to Complete: Approx. 120 Business Days

Chimney - No work needed
Describe scope of work needed to make repairs-

- Repair/replace chimney(s) as needed, work will be performed within 60 business days (weather permitting) after the building stabilization has been completed
- If weather delays occur a revised schedule will be provided to the City of Richmond; the City of Richmond will acknowledge the revised schedule and update the chimney timeline to reflect.
- If a permit is required the time required for the City of Richmond to dispatch and inspect will be in addition to the 60 business days.

Permit Required - Yes No

Time Frame to Complete: Approx. 60 Business Days

Walkway - No work needed
Describe scope of work needed to make repairs-

- No work needed based on current assessment of property.

Permit Required - Yes No

Time Frame to Complete:

Soffits, Gutters and Exterior Trim - No work needed

Describe scope of work needed to make repairs-

- Repair/replace the soffits, gutters and exterior trim as needed, work will be performed within 120 business days (weather permitting) after the building stabilization has been completed.
- If weather delays occur a revised schedule will be provided to the City of Richmond; the City of Richmond will acknowledge the revised schedule and update the soffits, gutters and exterior trim timeline to reflect.
- If a permit is required the time required for the City of Richmond to dispatch and inspect will be in addition to the 120 business days.

Permit Required – Yes No

Time Frame to Complete: Approx. 120 ^{Business} Days
