RE: To authorize the special use of the property known as 3001 Commerce Road for the purposes of parking areas and drive aisles illuminated by lighting structures in excess of 35 feet in height, upon certain terms and conditions.

ORD. OR RES. No. ____

PURPOSE: To authorize the special use of the property known as 3001 Commerce Road for the purposes of parking areas and drive aisles illuminated by lighting structures in excess of 35 feet in height, upon certain terms and conditions.

REASON: The subject property is located in the M-1 Light Industrial District and lighting for parking areas and drive aisles is a permitted use. However, Section 30-710.12 of the zoning ordinance limits the height of lighting fixtures serving parking areas to thirty-five feet (35'). The proposed lighting plans call for lighting structures that exceed 35 feet in height. Therefore a special use permit is necessary for this request.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its June 21, 2022 meeting.

BACKGROUND: The approximately 18 acre property is currently being developed as an industrial park, with multiple large warehouse buildings. The property is surrounded by other industrial properties to the north and west. Commerce Road and Interstate 95 are located to the east, and the residential neighborhood of Castle Heights is located to the south, across Ruffin Road.

An industrial park with large warehouse buildings is currently under construction on the subject property. The lighting installations will provide illumination to the parking areas and drive aisles serving Buildings 'A' and 'C.'

The Richmond 300 Master Plan recommends Industrial Uses for the Property. Primary uses include retail/office/personal service, multi-family residential, cultural, and open space. Secondary uses include institutional and government.

The property is surrounded by other industrial properties to the north and west. Commerce Road and Interstate 95 are located to the east, and the residential neighborhood of Castle Heights is located to the south, across Ruffin Road.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.

Re. Special Use Permit Application | Deepwater Industrial Park
City Tax Parcel Id Nos. S0080601053 & S0080601054

Ladies and Gentlemen:

This firm is counsel to Deepwater I, LLC (the “Applicant”), the owner of property located in the City (i) comprised of 16.92 acres known as 2301 Commerce Road (Parcel ID no. S0080601053) and (ii) comprised of 17.67 acres known as 3001 Commerce Road (Parcel ID no. S0080601054) (collectively, the “Property”).

We write to file an Application for Special Use Permit and related enclosures as summarized on Exhibit A attached hereto. This letter will serve as the Applicant’s Report.

REQUEST

The Applicant proposes the special use of the Property as follows: to permit the installation of site lighting poles in excess of 35 feet but not to exceed 45 in height, all as generally shown on the Lighting Plans (enclosed).

BACKGROUND

The subject Property, known as “Deepwater Industrial Park”, is located along the frontage of E. Commerce Rd and Interstate 95. Interstate access is located approximately 1.90 miles south of the site at the intersection of E. Commerce Road and Walmsley Boulevard. Port access is also viable with the Port of Richmond located on Deepwater Terminal Road approximately 2.25 miles south of the site. A CSX railway line bounds the western property boundary.

Formerly owned by the Alleghany Warehouse Company, the Applicant caused the demolition and removal of the cluster of abandoned warehouses and is currently engaged in the redevelopment of the site to allow larger, modern distribution, manufacturing and warehouse operations. Deepwater Industrial Park has been master-planned to provide 1.5+ million square feet of industrial space to market to economic development prospects of the City.

A 75.48 acre portion of the Deepwater Industrial Park has been transferred for development and occupancy by a national retailer for logistics, warehousing and distribution uses. Such portion of Deepwater Industrial Park is not included in this Application for Special Use Permit.

ZONING & MASTER PLAN DESIGNATION

The subject Property is designated M-1 District on the zoning maps of the City.

The subject Property is designated as Industrial on the Future Land Use Map of the Richmond 300 Master Plan.

The proposed special use permit is consistent with Objective 11.4(a), which recommended that the City “[e]xamine ... height limits for industrial zones to be accommodating to current needs, given that the needs of industrial users are shifting.”

JUSTIFICATION

Given current advances in directional lighting and the needs of modern industrial users, the current height limit of 35 feet results in greater proliferation of poles without any corresponding benefit. Lighting structures of approximately 38-42 feet, as proposed, provides sufficient directional coverage to minimize spillage to surrounding uses, and allows for fewer poles, improving navigation throughout the site and mitigating visual clutter.

CHARTER FINDINGS

The requested special use of the subject Property will not be detrimental to the safety, health, morals and general welfare of the community involved, will not tend to create congestion in streets, roads, alleys and other public ways and places in the area involved, will not create hazards from fire, panic or other dangers, will not tend to overcrowding of land and cause an undue concentration of population, will not adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences and improvements, and will not interfere with adequate light and air.

Thank you for your consideration of this request. Please forward an invoice and notify the undersigned when it has been deemed complete and scheduled for public hearing.

Best regards,

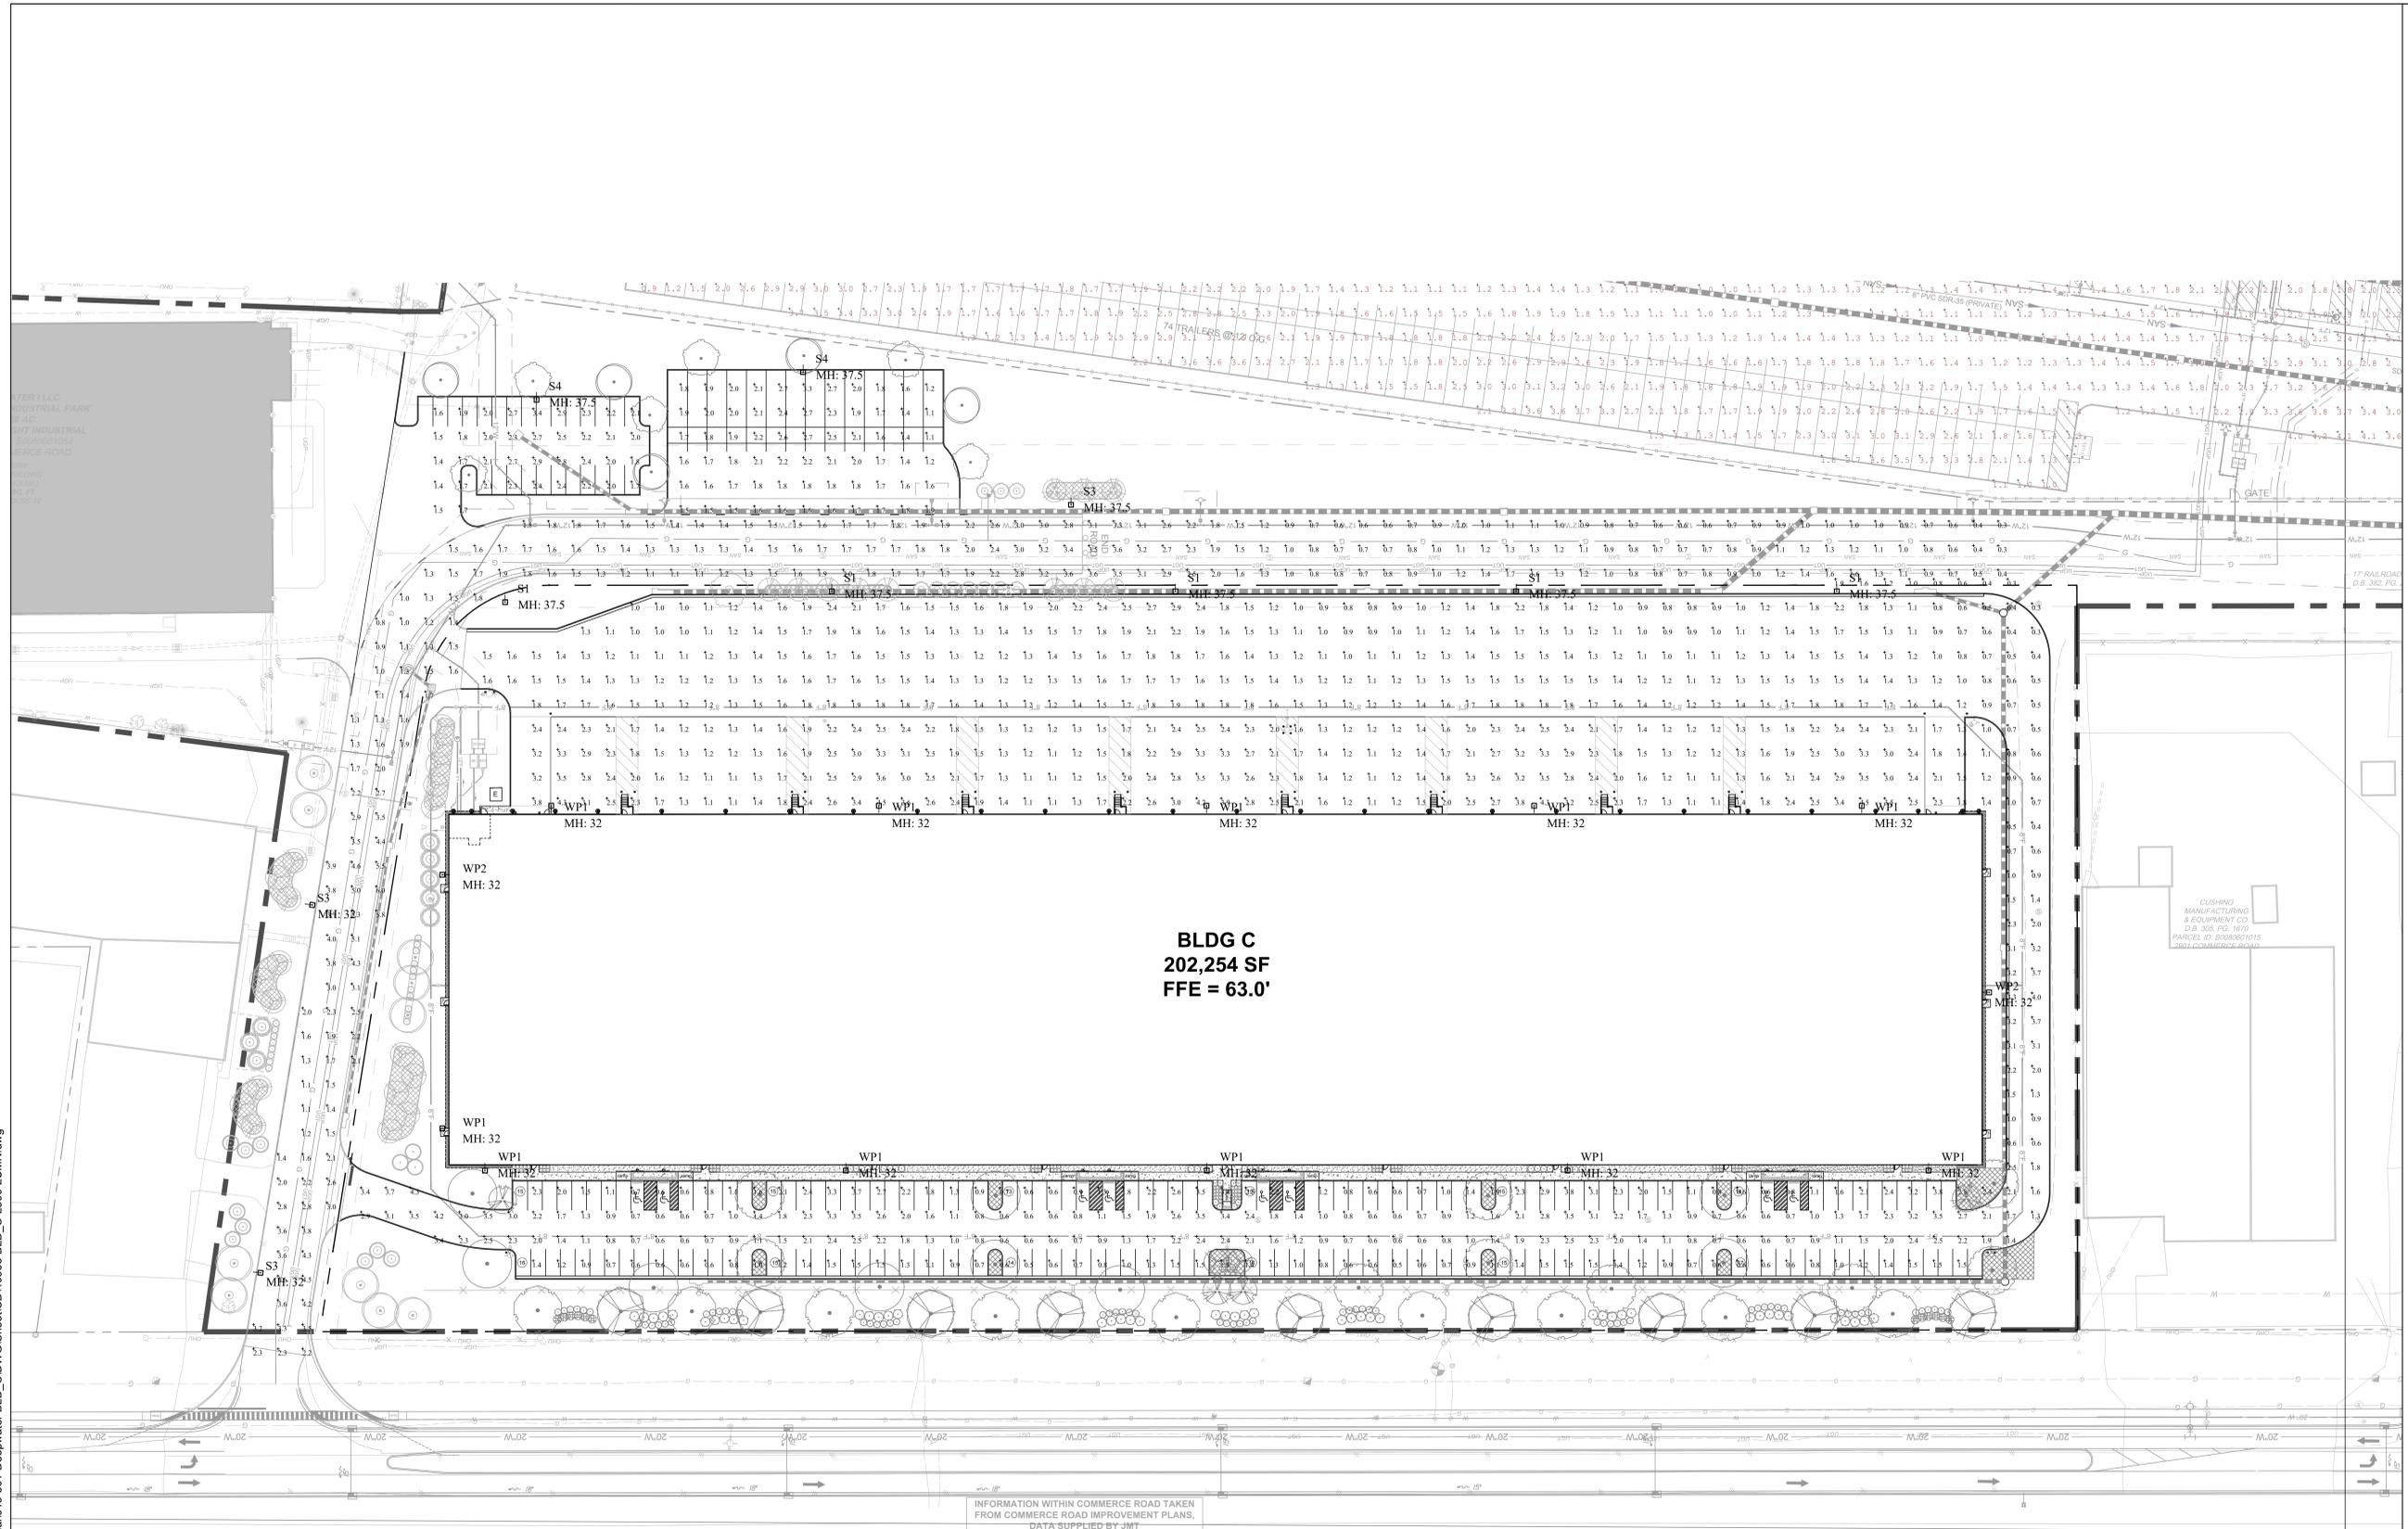

/s/
