Belle Isle Improvement Plan Open House

April 18, 2024

James River Park System Headquarters, 4001 Riverside Drive, Richmond, VA 23225

General Comments made on Post-its

This is completely wonderful!!! How can we make it happen?

My family would love this!

We love family activities!

My daughter will love this!!

Blue Sky Elementary school programs would be so excited for this!

Great idea! Good for kids and adults

This is cool!

Tree House

Memorial plaque dedicated to slaughterama

Specific meeting point

Shade! Agreed! [with above comment]

What else would you like to see here?

Love the idea. Great for young families/ kids all year. Need bathroom.

Connection to river/ water?

Accessibility

Comments made on worksheets in Nature Exploration Area section

Like it.

Awesome – great opportunity for kids to explore natural features they'll encounter in the park in a more controlled environment – so much cool stuff about nature/adventure playgrounds

Not so much concrete! Or plastic. Wood chips or gravel.

Like it.

Excellent opportunity for youth-planted gardens/ JRPS education programs.

I like the idea a LOT. Include the kids. That said please include the flora and fauna in every decision.

Cool ideas ~ really like the use of natural materials collected from the island to create interactive structures/ playgrounds/ etc...

Thank you! The initial concepts are great. I think the goal is to make the area an attraction that is easy to access and ultimately increase usage → the community will protect what we use.
