Subject: Re: Special Use Permit Application at 2220 Stockton Street

Greetings,

This is awesome and much needed in the City of Richmond.

However, we noticed that on page 2 of the proposal under the

William and Mullen document number 2, concerning the Private Incarceration

Domiciliary Facility. It states that, "Chesterfield County desires to refer non-violent offenders

with underlying addiction issue to The Healing Place to obtain help in lieu of a conventional correctional facility where their illness will be treated." Will this option be granted to the

The City of Richmond if they have the desire to participate? If so, maybe we can

have five from the County and five from the City for no greater than 10 persons at any given time,

provided that all such persons must actively be enrolled in the residential recovery program and

monitored with an ankle bracelet. Thank you for your participation in assisting the City of Richmond

with an awesome plan to promote a healthy environment for the constituents and enhancing better

communities for us all.

Kindest Regards,
