RE: To authorize the special use of the property known as 2509 Porter Street for the purpose of a two-family detached dwelling, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: The applicant is requesting a Special Use Permit to allow for a two-family dwelling with within the R-6 Single-Family Attached zoning district. A two-family detached structure is a permitted use in this zoning district on lots with no less than 5,000 square feet and 50 feet of street frontage. The lot does not meet these lot criteria. A Special Use Permit is therefore requested.

BACKGROUND: The property is in the Swansboro neighborhood located midblock on the northern side of Porter Street between West Clopton Street and West 25th Street. The property is a vacant 3,900 square foot parcel of land with 30 feet of street frontage.

The City’s Richmond 300 Master Plan designated a future land use for the subject property as Residential. This designation is defined as a “Neighborhood consisting primarily of single-family houses on large- or medium-sized lots more homogeneous in nature” (Richmond 300, p. 54).

Intensity: Buildings are generally one to three stories. Lot sizes generally range up to 5,000 to 20,000+ sq. ft. Residential density of 2 to 10 housing units per acre. Primary Uses: Single-family houses,

accessory dwelling units, and open space. Secondary Uses: Duplexes and small multi-family buildings (typically 3-10 units), institutional, and cultural. Secondary uses may be found along major streets.

COMMUNITY ENGAGEMENT: The Swansboro Neighborhood Association was notified of the application; additional community notification will take place after introduction.

STRATEGIC INITIATIVES AND OTHER GOVERNMENTAL: Richmond 300 Master Plan; Will be considered by Planning Commission

FISCAL IMPACT: The Department of Planning and Development Review does not anticipate any impact to the City’s budget for this or future fiscal years.

Review & Approval process for **SPECIAL USE PERMIT**

In instances where it has been determined that underlying zoning regulations cannot be met, a special use permit may be granted by City Council to provide relief from zoning regulations.

Special use permit applications are reviewed for compliance with the City's Master Plan to ensure the proposal is compatible with the surrounding area and that it is an appropriate use for the site. Specifically, applications are reviewed to ensure that the City Charter conditions for granting special use permits have been met. The City Charter requires that prior to City Council approval; it must be shown that the proposed special use will **not**:

1. be detrimental to the safety, health, morals and general welfare of the community involved;
2. create congestion in streets, roads, alleys and other public ways and places in the area involved;
3. create hazards from fire, panic or other dangers;
4. tend to cause overcrowding of land and an undue concentration of population;
5. adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences and improvements; or
6. interfere with adequate light and air.

Applicants **are encouraged** to schedule a pre-application conference with the Division of Land Use Administration staff to review related Master Plan, land use and other issues that may be involved prior to making application. Please call (804) 646-6304 to schedule an appointment with the staff. Staff will review submitted applications to ensure all required materials and information are provided. If the application is not acceptable, the required information must be provided prior to formal staff review.

Applicants should also discuss the proposed special use permit with area civic associations, property owners, residents, and the area Council Representative prior to submitting an application. Letters from the associations and property owners stating their position in regards to the request should be submitted with the application.

The Division of Land Use Administration circulates the special use permit application materials to appropriate City agencies as determined necessary. City agencies reviewing the proposal may include: Public Works, Building Permits & Inspections, Public Utilities, Water Resources, Zoning Administration, and Fire and Emergency Services. The Division of Land Use Administration will coordinate responses by City agencies. Written comments will be provided generally within 30 days of the application submittal date.

After review by these agencies and by the Division of Land Use Administration, the staff will confer with the applicant regarding suggested conditions to be included in the ordinance and any suggested changes to the plans. If the property is located in a City Old and Historic District and the request involves exterior alterations, additions or new construction, the plans should also be reviewed by the Commission of Architectural Review prior to an ordinance being introduced in City Council. Once the plans are in final form, an ordinance is drafted and the plans are attached to and are made a part of the ordinance. The staff will forward a copy of the ordinance to the applicant for review and approval.

The ordinance is then reviewed by the City Attorney's office and the City Administration. Once their review is complete, the ordinance is introduced to City Council and a public hearing is scheduled, usually thirty days after introduction. During this thirty-day period, public notice of the hearing is posted on the site and in a daily newspaper. Notices are also mailed to the owners of all properties within 150 feet of the subject property. One week prior to the City Council public hearing, the Planning Commission, after receiving a report from the Department of Planning and Development Review, considers the proposed special use permit and forwards a recommendation to City Council. The Planning Commission welcomes information submitted prior to the meeting and may ask questions of proponents and opponents during the course of its deliberation on the ordinance. Six affirmative votes of City Council are required to adopt a special use ordinance. Please note that there is a fee of \$250 for each continuance caused by the applicant.

If the special use ordinance is adopted by City Council, the applicant has a specified time period in which to apply for a building permit to implement the special use permit. Building permit plans must be substantially in accordance with the adopted special use permit plans, otherwise a building permit will not be issued. In general, the approval process for special use permits takes between 120 to 180 days. However, depending on the complexity of the proposed special use permit, more or less time may be required. The City Planning Commission considers approval of special use permits at its regular meetings on the first and third Monday of each month.

Incomplete submissions or major modifications to the plan during the review process may cause delays in the schedule.

Applicant's report

The proposed use for this lot is to erect a two-family 2-story structure, in accordance with attached plans. It will be in line with similar structures already built in the vicinity of the lot, and by association, compatible with the surroundings and appropriate for this location.

The building is not going to cause any extra traffic congestion, pose fire or any other threats, interfere with adequate light and air, etc. because the whole area is used for residential building, and all the necessary infrastructure for such use is already in place.

Sincerely,
Viaco LLC
