Dear Ray,

I am writing regarding the agenda for the upcoming UDC meeting scheduled for December 8, 2022.

I recommend that the application for the UDC-2022-28 Concept location, Character, and Extent for the proposed new Administration Building for the Waste Water Treatment Plant, be moved to the consent agenda.

I suggest the following comments:

- 1) That the applicant at the final review submittal provides a detailed list of the LEED strategies.
- 2) That the applicant at the final review submittal provides a detailed list of the trees that will be planted to enhance the landscape.
- 3) That the applicant describes the future use of the existing old administration building.

Thank you very much for your attention.

Andrea
