Council members,

I would like to remind you all of your passed resolution to eliminate the PILOT fee that exists in household water bills.

I would also ask that you all look at the high minimum residential water rates, the regressive rate structure overall, and the unbelievably bad water contracts with the surrounding counties.

The current pandemic emergency presents an opportunity to truly reform the City of Richmond's water utility, which is supposed to serve its true owners, the citizens of Richmond. RESTRUCTURE for conservation and resilience!

Sincerely,
Scott Burger
Richmond, VA
