Acknowledgement of Responsibility

Compliance: If granted, you agree to comply with all conditions of the certificate of appropriateness (COA). Revisions to approved work require staff review and may require a new application and approval from the Commission of Architectural Review (CAR). Failure to comply with the conditions of the COA may result in project delays or legal action. The COA is valid for one (1) year and may be extended for an additional year, upon written request and payment of associated fee.

Requirements: A complete application includes all applicable information requested on checklists available on the CAR website to provide a complete and accurate description of existing and proposed conditions, as well as payments of the application fee. Applications proposing major new construction, including additions, should meet with staff to review the application and requirements prior to submitting. Owner contact information and signature is required. Late or incomplete applications will not be considered.

Zoning Requirements: Prior to Commission review, it is the responsibility of the applicant to determine if zoning approval is required. Application materials should be prepared in compliance with zoning.

Property Owner Signature: _____ Date: 12/9/25
12/9/25

Certificate of Appropriateness Application Instructions

Staff Contact: (804)-646-6569 | alex.dandridge@rva.gov

Before You Submit

In advance of the application deadline, please contact staff to discuss your project, application requirements, and if necessary, to make an appointment to meet with staff for a project consultation. The CAR website has additional project guidance and required checklists: www.rva.gov/planning-development-review/commission-architectural-review

Application deadlines are firm. All materials must be submitted by the deadline to be considered at the following Commission meeting. Designs must be final at the time of application; revisions will not be accepted after the deadline. Incomplete and/or late applications will not be placed on that month's agenda.

Submission Requirements

Please submit applications to staff via email with the project address in the subject line. Submit the following items via email to staff:

- One (1) signed and completed application (PDF) – property owner signature required.
- Supporting documentation, as indicated on the [checklist](#), which can be found under the 'Application Information' tab on the website.
- Payment of application fee, if required. Payment of the fee must be received before the application will be scheduled. An invoice will be sent via the City's Online Permit Portal. Please see [fee schedule](#) available on the CAR website for additional information.

A complete application includes a signed application form, legible plans, drawings, elevations, material specifications, and payment of the required fee as described in the City Code of Ordinances Sec. 30-930.6(b). The Commission will not accept new materials, revisions, or redesigns at the meeting. Deferral until the following month's meeting may be necessary in such cases to allow for adequate review by staff, Commissioners, and public notice, if required.

Meeting Information and Application Due Dates

- The Commission meets on the fourth Tuesday of each month, except for December when it meets on the third Tuesday.
- Application hearings start at 4:00pm. Meetings are held in person at City Hall in the 5th floor conference room. Participation via Microsoft Teams is available. It is strongly recommended that at least one person, either the owner or applicant, attend the meeting in person.
- All applications are due at 12 noon the Friday after the monthly CAR meeting, except in December, when applications are due the following Monday. For a list of meeting dates and submission deadline dates for each meeting please visit www.rva.gov/planning-development-review/commission-architectural-review or contact staff.
- Revisions to applications that have been deferred or conceptually reviewed at a CAR meeting can be submitted nine (9) business days after that meeting in order to be reviewed at the following meeting. Please contact staff to confirm this date.
- New construction will be required to go through a conceptual review. The conceptual review is non-binding.
- Applicants are encouraged to reach out to any relevant civic associations and immediate neighbors for new construction or large-scale projects prior to submitting to the Commission of Architectural Review.

CERTIFICATE OF APPROPRIATENESS

ALTERATION AND ADDITION CHECKLIST

Well in advance of the COA application deadline contact staff to discuss your project, and if necessary, to make an appointment to meet with staff for a project consultation.

Complete all applicable sections and submit with the COA application form. Staff can assist you in determining what items are required for your scope of work. An incomplete application may cause delays in processing or may be deferred to the next agenda. Application materials must clearly represent current and proposed conditions. Refer to Standards for Rehabilitation outlined in Section 30.930.7(b) of the City Code, as well as, the *Richmond Old and Historic Districts Handbook and Design Review Guidelines*.

RE: Addition to 319 N 32nd Street

Good day,

Enclosed are our completed Certificate of Appropriateness application and checklist, as well as a current and proposed floor plan (see attachment #1-a and 1-b) for our proposed addition and photos of our house as it is currently. We request approval and a zoning variance in order to add a downstairs bedroom and bath to our house.

We have lived in our house for 18+ years. The house has been a labor of love and we would like to remain in it for as long as possible. Both my husband and I are in our late 60s and my husband will have a surgical procedure next year that will leave him unable to climb stairs for a period of a few months. We do not have a downstairs bed and bath so, in preparation for his surgery and our advancing years, we seek approval to add a bed and bath to the downstairs rear of our home.

The reason for our application is that current City zoning requires that construction of an addition have an offset of 36 inches from the property line. The south wall of our house is 28" off of our neighbor's house. Per the property marker, so we are short by 8". The north side of our house sits exactly on our property line. We've enclosed a copy of the survey we had done (see attachment #2) Requiring the addition to have a 36" offset makes the placement of the proposed addition aesthetically awkward. We would like to align the addition with the current footprint of the house. This would be in line with other houses on our block (see attachment #3), which are all larger and deeper than our house.

In regards to construction materials, please see the materials list (see attachment 4). The exterior siding on the new addition will be hardi plank, which will match the rest of the house. The deck and porch railings will match what is already in place. The material for the roof of the new addition will be GAF Timberline HDZ Architectural/Dimensional in Charcoal. We plan to incorporate the original windows and door that are currently on the rear wall of the house into the new addition so rear of the house will still have those original details (see attachment #5-a,b,c). The proposed addition would add 168 square feet to our house and we would still be the smallest house on our block in both square footage and overall footprint. I've also enclosed a copy of the elevation drawing (see attachment 6) that was provided by our contractor.

This request for a zoning variance is extremely important to us. We feel that we've taken great care to preserve the historical integrity of our home and to require the offsets would detract from the character of the home. In addition, we have explored all options and this is what we need in order to continue living in our house for the foreseeable future.

If there are any questions or suggestions regarding our request, please contact me at (804) 937-9513. We appreciate your time and attention.

Sincerely,

Kathleen and Richard Sanders
