TITLE Ordinance to Require Publication of Agency Budget Request Documents and a Side-by-Side Comparison with the Mayor's Budget Proposal

This is a request for the drafting of an **Ordinance** ☒

REQUESTING COUNCILMEMBER/PATRON

SUGGESTED STANDING COMMITTEE

Finance & Economic Development

ORDINANCE/RESOLUTION SUMMARY

Patron requests that legislation be drafted to require the publication of agency-level budget request documents with City Council with the mayor's formal proposed budget.

State Code ([Va. Code § 15.2-2508.A.](#)) empowers local governing bodies to require agency leaders furnish information "as may be deemed advisable." With this ordinance, the Richmond City Council requires transmission and publication of the following:

- A copy of each agency's final funding request documents (operating and capital) as required by Section 6.03 of the City Charter;
- A comparison chart showing side-by-side instances in which the mayor's proposed budget deviates (positively or negatively) from each agency's final funding request.

BACKGROUND

State Code ([VA Code § 2.2-1504.B](#)) requires publication of agency-level budget documents of state agencies to respective chairs of the relevant General Assembly budget committees. Further, the State's Department of Planning and Budget (DPB) publishes said documents on its website for public consumption:
<https://dpb.virginia.gov/budget/budget.cfm?page=AgySub>

The City of Richmond Charter ([Section 6.03. Preparation](#)) requires collection of agency-level budget documents:

- "It shall be the duty of the head of each department, the judges of the municipal courts, each board or commission, including the school board, and each other office or agency supported in whole or in part by the city, including the attorney for the Commonwealth, to provide, at such time as the mayor may prescribe, estimates of revenue and expenditure for that department, court, board, commission, office or agency for the ensuing fiscal year. Such estimates shall be submitted in a form as determined by the mayor, and it shall be the duty of the head of each such department judge, board, commission, office or agency to supply all of the information which the mayor may require to be submitted thereon. The mayor shall hold such hearings as he/she may deem advisable and shall review the estimates and other data pertinent to the preparation of the budgets and make such revisions in such estimates as he/she may deem proper, subject to the laws of the Commonwealth relating to obligatory expenditures for any purpose, except that in the case of the school board, he/she may recommend a revision only as permitted by § 22.1-94 of the Code of Virginia or any other provision of general law not in conflict with this charter."

Publishing such documents promotes transparency and will better inform City Council's consideration of the mayor's proposed budget. Councilmembers and the public should know if the mayor's proposal is less than what was requested by an agency's director – presumably the subject matter expert in what is needed to best fulfill his/her agency's official duties. Likewise, if the mayor's proposed budget includes requests over and above or not included in an agency's director's budget request, those items may deserve closer scrutiny before inclusion in the city's final approved budget.

This ordinance takes the form of an amendment to City of Richmond Code Sec. 12-12. - Form of budget submitted to Council and the addition of a new division, Sec. 12-25.
