Mr. Ebinger informed the Commission that the staff presentation is same as the previous meeting. The applicant is available to provide an updated presentation.

Mr. Johannas asked what happens to the agreements with the City if this doesn't go through.

Mr. Ebinger stated termination of the Ground Lease would end the rights and obligations between Bon Secours and the EDA set forth in that document. It would also affect the deed conveying the Westhampton School property to the EDA, the Performance Agreement between the EDA and Bon Secours (assuming Bon Secours elects to terminate), and Bon Secours' lease of the Redskins Training Facility (assuming Bon Secours elects to terminate).

Mr. Johannas asked what was the intensity of the Westhampton School in terms of the number of students or number of classrooms.

Mr. Ebinger stated staff does not have that information.

Mr. Jim Theobald provided applicant's presentation. Since that last meeting Bon Secours, committed to contribute \$50,000 to Westhampton community traffic study.

Mr. Johannas asked is the 1917 building guaranteed to stay.

Mr. Theobald stated no.

Mr. Johannas asked how large is the office building.

Mr. Theobald stated approximately 55,000 SF.

Mr. Johannas asked what is planned for the remainder.

Mr. Theobald statedm, on the 6 acre parcel, most likely reuse of the 1917 building, possibly a new office building and structured oparking.

Mr. Johannas stated so 30-60,000 SF of development.

Mr. Theobald stated yes.

Mr. Johannas stated so possibly up to the intensity of historic use of the school.

Mr. Theobald stated yes.

Mr. Johannas stated historic property has great intangible value in terms of social justice. Has Bon Secours had any ideas about including elements on site to commemorate the historic importance of the property if the school building is lost.

Mr. Theobald stated yes. They intend to do that with input from community groups and stakeholders.

Mr. Johannas asked, you will work diligently with the Director of Planning and Development Review regarding architecture.

Mr. Theobald stated yes, through the Plan of Development process.

Mr. Murthy asked what results do you anticipate from the traffic study.

Mr. Theobald stated there are constraints, but are still options, such as restriping lanes or turn lanes, working comprehensively to time traffic lights could also be an option.

Mr. Murthy asked will pedestrian activity be considered.

Mr. Theobald stated he believes so. Ultimately, this will be the city's study and the city will set parameters.

Mr. Murthy asked would parking onsite be open to the public.

Mr. Theobald stated he does not have an answer to that question. If there is surplus parking, it may be made available to the public.

Mr. Murthy stated regarding the Plan of Development process, buildings have been demolished while a POD was still under review.

Mr. Theobald stated yes. There is commitment to not tearing down buildings if POD is under review.

Mr. Murthy stated are you ble to commit to a higher standard of materials.

Mr. Theobald stated yes. High quality materials will be used.

Mr. Murthy stated if historic building is to remain, the medical office building should complement the historic building.

Mr. Theobald stated development of the school site will most likely convene at once.

Mr. Thompson asked how tall is the historic building.

Mr. Theobald stated approximately fifty one feet. The medical office building will be approximately sixty six feet.

Mr. Rhoades Ritenour, Bon Secours, stated the 1917 building is fifty one feet from ground level, it sits sixty one feet from street level.

Mr. Hepp-Buchanan stated regarding the traffic study, a strategy to determine how employees are getting to the site from the region is needed. It is important to also look into options that are not single-occupancy vehicles.

Mr. Poole asked will you consult with Desmond, the group working on the parking study for the City's Master Plan update.

Mr. Theobald stated they are willing to look into this.

Public Hearing:

Opposition:

Greg Lucyk
Julie Dreschler -- Save Libbie/Grove
Debbie Lacey
Stewart Carter -- Westview Civic Association
Bella Landron
Danielle Porter -- Historic Richmond Foundation

Support:

No one spoke in support

Undecided:

Maria Holperin Terrell -- President of Westwood Civic Association of Henrico County

Mr. Thompson asked what assurance do we have that the height is based on Patterson Avenue frontage.

Mr. Theobald stated it is stated in the proffers.

Ms. Cuffee-Glenn asked, the \$50,000 is for the large area traffic study in addition to the small area traffic study the applicant will conduct for the development of the site.

Mr. Theobald stated yes.

A motion was made by Commissioner Selena Cuffee-Glenn, seconded by Commissioner Elizabeth Hancock Greenfield, that this Ordinance be recommended for approval to the City Council.

Mr. Law stated he appreciates the concern of those who spoke in opposition. Richmond

has lost many medical facilities. Access to quality healthcare is measure of strength of a neighborhood. Bon Secours will provide quality healthcare development.

Mr. Thompson stated he maintains concerns regarding lack of traffic study and most importantly preservation of Westhampton School.

Ms. Cuffee-Glenn stated the need for medical services is just as important as historic preservation.

Ms. Robertson stated she is pleased with information shown on the RFQ/RFP standards for the development proposals. Would like critical lense to include economic development of the site and acknowledge the history of inclusion of the site.

Mr. Johannas stated he wants to see continued support of development the East End. This will encourage additional growth within the City. He has great concerns regarding the historic value of the site, though he sees the applicant is putting measures in place.

Mr. Poole reminds the developer to make every effort to preserve this property.
