Rich, good morning and happy Thanksgiving I hope you are doing well. I just wanted to mention that this project will be a nice infill project and help complete the street scape for this block. It's a pretty easy going design and is respectful to the surrounding homes and architecture styles in the area. Its important to see these vacant parcels be utilized with appropriate designs.

Its also important to support our civil servants this owner is a City of Richmond Detective and has found it very difficult to find a home that will be a good fit for him. We have looked for 2-3 years and constantly get bid out of properties. Allowing him to complete this project will give him a nice home in the city he serves which is so very important in many ways. I hope you can allow this project to move forward
