RE: To authorize the special use of the property known as 1206 Janhke Road for the purpose of a
single-family dwelling on a new lot without frontage on an improved public street.

ORD. OR RES. No. _____

PURPOSE: To authorize the special use of the property known as 1206 Janhke Road for the purpose of a
single-family dwelling on a new lot without frontage on an improved public street.

REASON: In the city's zoning ordinance, section 30-610.1 requires that all buildings shall be located on a lot
having frontage on an improved public street or have access thereto by means of a recorded permanent easement.
The proposed single-family dwelling will be built on a new lot created by subdivision of the rear portion of the
subject parcel. Access to this property will be via public alleyway. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning
Ordinance, the City Planning Commission will review this request and make a recommendation to City
Council. This item will be scheduled for consideration by the Commission at its May 6, 2019, meeting. A
letter outlining the Commission's recommendation will be forwarded to City Council following that
meeting.

BACKGROUND: The subject property is zoned R-5 Single-Family Residential. The parcel is .411 acres
of land measuring 60 feet wide and 298 feet deep and contains a single-family. It is located in the Forest
View Neighborhood within the City's Old South Planning District.

The City of Richmond's Master Plan designates the subject property for Single-Family (Low Density) uses. Primary uses in this category are "single-family detached dwellings at densities up to seven units per acre. (See page 133, Richmond Master Plan.) The density of the parcel if developed as proposed would be a ratio of approximately 3 units per acre. The size of the proposed lot would exceed the minimum lot size required by the Zoning Ordinance.

All properties surrounding the subject property are located within the same R-5 Single-Family Residential zoning district. Within the general area of the subject parcel, properties are developed with single-family dwellings with a typical lot size of .2 acres or less.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.

BUDGET AMENDMENT NECESSARY: No.

Narrative For 1206 Jahnke Rd.

1206 Jahnke Rd. is a large lot (60' X 295') zoned R-5 meeting all the requirements for a R-5 lot with the exception of 15 feet of road frontage. It currently enjoys a well maintained alley 295' down one side and 60' across the rear. Water and gas are available from Jahnke Rd. Sewer is available from the rear. I propose a lot split to build a one level ranch style house with three bedrooms and two bathrooms in approximately 1100 square feet. This house will be equal to or more in value to what is currently in this neighborhood. Thank you for your consideration
