## Paper(s) for Consideration

The following ordinance was considered:

1. [ORD. 2024-094](#) To amend City Code § 11-36, concerning exemptions to sound control, for the purpose of modifying the hours during which the City's refuse collection and sanitation services shall be exempted from the requirements of the City's sound control provisions.

**Patrons:** Ms. Jordan and Ms. Lynch

Bobby Vincent, Department of Public Works (DPW) Director, Torrence Robinson, DPW Deputy Director, and Tarron Richardson, DPW Program and Operations Manager, provided the committee with city administration's response to the proposed ordinance. Mr. Richardson addressed the city's concerns that the limiting of refuse collection hours would impact the safety of DPW employees and cause issues for city traffic.

## Public Hearing

Dan Ciesla, Republic Services, spoke in opposition, and he stated his concerns that the proposed changes would increase traffic and put collection workers and residents in danger.

Robert Clendenin, Waste Management, Inc. Public Sector Manager, spoke in opposition and stated he was unaware of any noise complaints from city residents. Mr. Clendenin also stated that changes would increase traffic, costs and public endangerment.

Sarah Kelley, GFL Environment, Inc. Facility Manager, spoke in opposition and stated that waste and recycling collection was already a dangerous job due to traffic accidents. Ms. Kelley also stated the changes to the time of collection would only increase the amount of danger for collection workers and residents.

Brandon McCloud, Republic Services General Manager, spoke in opposition and stated the proposed changes would only increase the potential of accidents involving collection workers and city residents. Mr. McCloud also stated that Republic Services is able to avoid traffic by collecting prior to 7:00 a.m.

Warren Christian, former city employee and current city contractor, spoke in opposition and informed the committee that he collects refuse in the city's downtown area. Mr. Christian also stated collection was a very dangerous job, and that the proposed changes would only increase the amount of dangerous situations city employees would encounter.

Charles Johnson, DPW Refuse Truck Operator, spoke in opposition and stated that beginning collection at 6:00 a.m. allows city employees to complete refuse pick up more efficiently and safely.

Milton Jackson, DPW Maintenance and Operations Superintendent, spoke in opposition and stated he was very concerned about employee safety during refuse pick up.

Alvin Allen, DPW Refuse Truck Operator Supervisor, spoke in opposition to the proposed changes due to his concerns about city employee safety.

Teryl Bell, DPW Maintenance and Operations Crew Supervisor, spoke in opposition of the proposed changes and stated the city needed the additional time to conduct refuse pick ups due to the limited number of refuse trucks available.

Robert Roberts, DPW Maintenance and Operations Crew Chief, spoke in opposition due to his concerns about employee safety and increased traffic during the morning commute.

Kim Hynes, Central Virginia Waste Management Authority Executive Director, spoke in opposition and stated the city benefits from refuse collection occurring in areas such as Carytown prior to 7:00 a.m.

Rodney Mitchell, DPW Equipment Operator Principal, spoke in opposition due to his concerns about safety and traffic. Mr. Mitchell also stated that starting refuse collection after 7:00 a.m. would be difficult due to cars parking and blocking alley access.

Mark LaFinley, Waste Management Richmond Hauling Senior Route Manager, spoke in opposition and stated that his employees are concerned about their safety if collection is not permitted prior to 7:00 a.m.

*Vice Chair Ann-Frances Lambert inquired if there was a solution to address noise concerns while not impacting the safety of refuse collection employees.*

Director Bobby Vincent stated that the city was working with refuse collection partners to avoid residential areas during early hours, and to primarily focus on industrial or business locations prior to 7:00 a.m. Director Vincent also stated the city was looking at ways to decrease noise, but noted that it would be difficult in certain mixed use areas.

*Chair Katherine Jordan stated her appreciation for DPW refuse collection workers, and she noted that the intent of the ordinance was not to put refuse collection employees in danger.*
