---

Hi, Jeff. I am not in favor of the Belmont Rd. roundabout. Having lived here for 15 years, and as I shared with you by phone, I think it's completely unnecessary. Visibility by vehicle is perfectly clear in all directions. Furthermore, as roundabouts are more prominent in the northeast, we are largely unfamiliar with them and, therefore, in my opinion, would cause increased confusion & chaos. I think it would be a waste of the city's financial resources which would better be spent elsewhere. Thanks for your consideration of my opinion.

Fondly, Blake Chapman
