She also stated members of the public were encouraged to provide comments in writing prior to the meeting and all comments received prior to 10:00 a.m., on Wednesday, February 23, 2022, were provided to Council members. Review of Richmond Decennial Voter District Redistricting Demonstration Maps

Keith Balmer, Voter Registrar; Gerry Hebert, Outside Redistricting Attorney; and Kristen Lango, NCEC Services, Mapping Experts, provided Council with a review of five redistricting demonstration maps created at previously held meetings, where public drawings of Richmond Voter District map options occurred. Mr. Balmer also provided Council with information regarding the requirement to cure split precincts, and how the precincts were cured on the demonstration maps.

Councilor Michael Jones stated his concerns with considering realigned Council Voter District demonstration maps prior to reviewing the demographic data that would be changed from the realignments.

Mr. Balmer proceeded with reviewing the five demonstration maps, and he informed members of changes made to each map to facilitate the need to increase the citizen population of the 3rd Voter District.

Vice President Ellen Robertson stated that she did not believe that the Manchester neighborhood should be moved from the 6th Voter District to the 5th Voter District, as displayed in demonstration map four, because the 5th Voter District did not require any population changes. Vice President Robertson noted that she did believe that a new second voter precinct was appropriate for the Manchester neighborhood, due to the recent increase of population in the Manchester area.

Mr. Balmer confirmed that a second precinct would be necessary if the Manchester neighborhood remained in the 6th Voter District.

Mr. Balmer provided Council with a review of demonstration map five, and noted that the main difference from other maps was the decision to establish Main Street as the dividing line between the 2nd Voter District and the 5th Voter District.

Councilor Katherine Jordan stated that she supported the concept of a map establishing Main Street as the dividing line between the 2nd and 5th Voter Districts. Councilor Jordan also stated that she received supportive feedback from the residents that would be impacted by the change.

Determining and Decision for Map Plan Introduction

Vice President Ellen Robertson stated her preference for demonstration map two.

Councilor Ann-Frances Lambert confirmed that all demonstration maps addressed the need to cure a split precinct in the Carver neighborhood.

President Cynthia Newbille and Councilor Ann-Frances Lambert also stated their preference for demonstration map two.

Councilor Katherine Jordan inquired if portions of demonstration map five, specifically the establishment of Main Street as a dividing line between the 2nd and 5th Voter Districts, could be incorporated into demonstration map two.

Councilor Stephanie Lynch joined the meeting at 4:25 p.m.

Councilor Stephanie Lynch stated her support for demonstration map two.

Gerry Hebert confirmed that it was possible to include portions of demonstration map five within other demonstration maps. Mr. Hebert also stated that once Council narrows its review and identifies certain demonstration maps to be included in forthcoming legislation, then the demographic data of the citizens and neighborhoods impacted by proposed district changes could be reviewed by Council.

Vice President Robertson stated she supported Councilor Jordan's suggestion of including portions of demonstration map five within demonstration map two.

Councilor Kristen Nye left the meeting at 4:35 p.m.

Mr. Hebert provided Council with demographic data relative to the five demonstration maps. Mr. Hebert informed Council that the proposed redistricting displayed in the five demonstration maps, preserved that five of the nine Council Voter Districts contained a Black majority of citizenship.
