### PROJECT INFORMATION

Project Type: ☐ Alteration ☐ Demolition ☒ New Construction  
(Conceptual Review Required)

Project Description: (attach additional sheets if needed)

413 & 415 Arthur Ashe Blvd. will be an attached pair of single family homes located near the intersection of Kensington Ave and Arthur Ashe Blvd. It will be a three story structure, built with a two story facade at street level, and a third floor set back from the facade. Each home will be 3,571 sf, and will be built with an optional elevator. The facade will be composed of brick and cementitious siding.

### ACKNOWLEDGEMENT OF RESPONSIBILITY

**Compliance:** If granted, you agree to comply with all conditions of the certificate of appropriateness (COA). Revisions to approved work require staff review and may require a new application and approval from the Commission of Architectural Review (CAR). Failure to comply with the conditions of the COA may result in project delays or legal action. The COA is valid for one (1) year and may be extended for an additional year, upon written request and payment of associated fee.

**Requirements:** A complete application includes all applicable information requested on checklists available on the CAR website to provide a complete and accurate description of existing and proposed conditions, as well as payment of the application fee. Applicants proposing major new construction, including additions, should meet with Staff to review the application and requirements prior to submitting an application. Owner contact information and signature is required. Late or incomplete applications will not be considered.

**Zoning Requirements:** Prior to Commission review, it is the responsibility of the applicant to determine if zoning approval is required and application materials should be prepared in compliance with zoning.

Signature of Owner

Date 11/23/2021

# CERTIFICATE OF APPROPRIATENESS APPLICATION INSTRUCTIONS

In advance of the application deadline please contact staff to discuss your project, application requirements, and if necessary, to make an appointment to meet with staff for a project consultation in the office or on-site. The Commission of Architectural Review website has additional project guidance and required checklists:

<http://www.richmondgov.com/CommissionArchitecturalReview/index.aspx>

## SUBMISSION INSTRUCTIONS

**Certain exterior work can be administratively approved by Staff. Please contact staff for a preliminary determination of the level of review required prior to submitting an application.**

Submit the following items to the Division of Planning and Preservation, 900 E. Broad Street, Rm. 510:

- One (1) signed and completed application – property owner's signature required
- One (1) copy of supporting documentation, as indicated on appropriate checklist, collated and stapled. All plans and elevations must be printed **11x17** and all text easily legible.
- One digital copy of the application and supporting documentation, submitted via email or OneDrive.
- Application fee, as required, will be invoiced. Payment of the fee must be received before the application will be scheduled. Please see fee schedule brochure available on the CAR website for additional information.
- **Application deadlines are firm.** All materials must be submitted by the deadline to be considered at the following Commission meeting. Designs must be final at the time of application; revisions will not be accepted after the deadline. Incomplete and/or late applications will not be placed on the agenda.
- **A complete application** includes a signed application form, related checklist, legible plans, drawings, elevations, material specifications, and payment of the required fee as described in Sec. 30-930.6(b).
- The Commission will not accept new materials, revisions, or redesigns at the meeting. Deferral until the following month's meeting may be necessary in such cases to allow for adequate review by staff, Commissioners, and public notice if required.

## MEETING SCHEDULE AND APPLICATION DUE DATES

- The CAR meets on the fourth Tuesday of each month, except in December when it meets on the third Tuesday.
- The hearing of applications starts at 4:00 PM in the 5th floor conference room of City Hall, 900 E. Broad Street. The owner and/or applicant is *encouraged to attend* the meeting.
- All applications are due at 12 noon the Friday after the monthly CAR meeting, except in December, when applications are due the following Monday. For a list of meeting dates and submission deadline dates for each meeting please visit: <http://www.richmondgov.com/CommissionArchitecturalReview> or contact staff.
- **Exception:** Revisions to applications that have been deferred or conceptually reviewed at a Commission meeting can be submitted nine (9) business days after that meeting in order to be reviewed at the following meeting. Please contact staff to confirm this date.

## **413 & 415 N Arthur Ashe Blvd**

**TWO NEW SINGLE-FAMILY ATTACHED RESIDENCES**

**BOULEVARD HISTORIC DISTRICT**

**RICHMOND COMMISSION OF ARCHITECTURAL REVIEW - CONCEPTUAL REVIEW**

**PREPARED: NOV 23, 2021**

**APPLICANT: CENTER CREEK HOMES c/o Greg Shron**

### **PROJECT DESCRIPTION:**

The submission depicts a pair of new attached, 3-story, 3,571 square-foot single-family homes with a setback third floor on an 8,100 square-foot vacant lot at 415 N Arthur Ashe Blvd. We will soon begin the process to split the lot, by right, into two 4,050 square foot lots. Each lot will be rectangular in shape and are located between Kensington Ave and Stuart Ave in the Boulevard Historic District and is zoned R-48. Our proposed height is under the district's maximum height of 35'-0".

To provide additional high-quality outdoor living space with views overlooking the Virginia Museum of history and culture's lawn, the design features a rooftop terrace off the third-floor bonus room.

The exterior language is a modern take on the historic building form of many buildings in the Boulevard District. The two-story, two bay structure is set back from the property line to give the building more of a residential feel. It has a two-story primary façade, with a set back third floor and rooftop terrace located in front of the third floor.

Primary exterior materials are brick, smooth fiber-cement panel siding on the bay window element, prefinished aluminum windows in black, painted trim, and accents of cast stone.

We look forward to working with the CAR and staff towards approval for this project.
