Rich,

We were reviewing future projects with Matt today, and he mentioned the potential new development on R Street and 29th. We were excited to hear about the improvements being made to the North Church Hill community.

I grew up in Richmond and moved away for a few years until recently; the growth and change in Richmond over the past 7-8 years since I've been gone is a lot of what brought me back. It's great to drive around the city; enjoy the new restaurants, see new business growth and see the transformation that has occurred in many of these neighborhoods. I support this opportunity not only as a local investor, but as a long time fan of Richmond and everything it has to offer. Let us know if there is anything further we can offer our support for this project.

Thank you for your time,

Andrew Peeler
