(b) *Minimum charge for water.* The monthly minimum charge is the service charge.

(c) *Service charges (readiness to serve).* Monthly water service charges shall be as set forth in this subsection. Each residential water service customer shall pay the service charge determined by meter size, unless the customer is eligible to receive a discount to the service charge for installing fire suppression equipment. The service charges set forth in this subsection shall be paid in addition to the charges for the quantity of water which passes through the meters. The Director shall, pursuant to Section 28-26, issue rules and regulations to establish the parameters for such a discount.

(e) *Term of contracts.* Contracts for water service for customers within the corporate City limits under this schedule shall be cancelable at any time, provided that such a consumer cannot resume service within one month at the same location without paying the prescribed service charges and charges for water supplied during the intervening period in accordance with this schedule. Contracts for water service for customers not within the corporate City limits shall be cancelable as discussed hereinafter in this chapter.

(f) *Special provisions (cost of water adjustment).*

(1) *Cost adjustment clause.* The charge specified in the monthly volume charge may be subject to an adjustment per 100 ccf for increases or decreases in the costs associated with the cost of electric energy, water treatment chemicals and purchased water.

(2) *Residential water service charges for meters having a capacity greater than five-eighths inch; special provision.* The monthly service charge for each residential water customer, with service established on or before the adoption of the ordinance from which this subsection is derived and having a water meter capacity greater than five-eighths inch, shall be equal to the monthly service charge for a five-eighths inch meter size as set forth in this section. The monthly service charge for each residential water customer, with service established after the adoption of the ordinance from which this subsection is derived and having a water meter capacity greater than five-eighths inch, shall be based upon the meter capacity as set forth in this section.

Sec. 28-327. Commercial water service.

(a) *Application.* This schedule shall apply to the use of water service for places of business, such as hotels, restaurants, office buildings, commercial businesses or other places of commerce and for multifamily residences at locations where service is available; provided,

however, that this schedule shall not apply to contracts heretofore or hereafter entered into between the City and a county.

(b) *Minimum charge for water.* The monthly minimum charge is the service charge shown below, determined by meter size.

(c) *Service charges (readiness to serve).* Monthly water service charges shall be paid by consumers based upon the sizes of meters. The service charges as set forth below shall be paid in addition to the charges for the quantity of water which passes through the meters. When a consumer is supplied with water through more than one meter, the service charges shall be as set forth below for each meter.

Contracts for

water service without the corporate City limits shall be cancelable as discussed hereinafter in this chapter.

(g) *Special provisions (cost of water adjustment).* The charge specified in the monthly volume charge may be subject to an adjustment per 100 ccf for increases or decreases in the costs associated with the cost of electric energy, water treatment chemicals and purchased water.

Sec. 28-458. Charges for water for fire protection.

No charge shall be made for water used for testing private fire protection systems or equipment or for the extinguishment of fire when services are installed with detecting devices in accordance with Section 28-457. The owners or occupants of such property shall pay for fire protection service at the rates prescribed in this section. Should water in such systems be wasted or used for any purpose other than for testing such systems or equipment or for the extinguishment of fire, the Director may immediately require the private fire protection system to be metered at the entire cost and expense of the owners or occupants of premises served, and after the meters have been installed the owners or occupants of premises served shall pay for all water used on such premises at the appropriate class rate, including water used for testing such systems or equipment and for the extinguishment of fire. In addition, any property with direct fireline service that remains in service after the water meter for such property is removed shall be responsible to pay a minimum monthly service charge as follows:

12	[\$346.50] <u>\$358.63</u>

Sec. 28-549. Additional charge for water use during conservation periods.

During any period when mandatory or voluntary water conservation measures are in place in the City, any customer who uses more than 140 percent of the amount of water used on a monthly average basis during the previous winter period (defined to include December to February), shall be required to pay a higher rate for water per ccf, as stated below, for each additional ccf used above that historic level. The Director will not charge the water rate if the person using more than 140 percent of the monthly average water usage, as defined above, used any portion of the water for fighting a fire. The Director will only charge the higher ccf rate for those additional volumes above the calculated levels.
