ORDINANCE/RESOLUTION SUMMARY

- It is the sense of the patron that inclusion of the additional elements in the budget is in the best interests of the residents of the City of Richmond.
- The "Budget Query Tool" is currently provided to council staff in the form of an Excel spreadsheet, however:
 - Provision of the "Budget Query Tool" is not required,

DEPARTMENT OF PARKS AND RECREATION
DEPARTMENT BUDGET SUMMARY

LINEs OF BUSINESS

SIGNIFICANT BUDGET CHANGES

The FY 2022 proposed expenditure budget for the Department of Parks and Recreation (DPR) is \$47,582,643, a six percent increase from the FY 2021 adopted budget. The FY 2022 proposed budget reflects:

- ↑ Personnel changes primarily due to the addition of 34.58 FTEs detailed below (20.26 permanent and 14.32 temporary), adjustments to salaries resulting from the proposed increase in the living wage from \$15 to \$17 per hour (\$164,754), adjustments to salaries resulting from job family studies for trades and planner positions (\$15,054), partially offset by lower retirement contributions based on current actuarial projections and the reductions itemized below. The FTE changes to permanent staffing are:
 - Addition of permanent and temporary staffing for the Long Bridge Aquatics & Fitness Facility scheduled to open July 2021 and funded by a donation from the Boeing company (\$2,006,881, 16.00 permanent FTEs and 15.49 temporary FTEs).
 - Addition of temporary staffing support for Long Bridge Outdoor Operations (\$63,501, 1.55 temporary FTEs).
 - Addition of a Facility Manager position and Assistant Facility Manager position for Lubber Run Community Center (\$199,000, 2.0 permanent FTEs).
 - Convert two part-time permanent FTEs to full-time and add temporary staffing support to establish a full-day preschool at the Lubber Run (\$102,000, 0.76 permanent FTEs and 0.70 temporary FTEs).

- Convert 1.49 temporary Kitchen Assistant FTEs to permanent positions (\$38,000, 1.50 permanent FTEs).
 - Decreases in revenue-producing programs due to changes in operations, participation, and programs (0.90 temporary FTEs).
 - Elimination of one-time FY 2021 funding for Lee Center program operations (\$100,000, 1.03 temporary FTEs).
- ↑ Non-personnel increases primarily due to reopening of the new Lubber Run Community Center and Park (\$152,000 ongoing; \$100,000 one-time), opening of the new Long Bridge Aquatics & Fitness Center (\$990,777 ongoing; \$285,000 one-time), Long Bridge Park operations (\$130,000), new costs for ongoing maintenance associated with recent capital improvements for parks (\$310,250), increases in contractual services for ongoing maintenance for athletic fields (\$139,000), adjustments to the annual expense for maintenance and replacement of county vehicles (\$1,164), and a variety of Departmental contractual increases (\$45,615), partially offset by the reductions itemized below, the elimination of FY 2021 one-time maintenance and replacement of county vehicles (\$55,000) and operating equipment (\$30,000) for Long Bridge Park operations, decreases in revenue producing programs due to changes in operations, participation, and programs (\$74,366), and the elimination of the Pool Use Fee transfer to APS (\$130,000) offset by the pool use fee elimination listed below.
- ↑ Revenue increases primarily due to membership, class, and rental fees anticipated with the opening of Long Bridge Aquatics & Fitness Center (\$1,243,200), addition of All-day Preschool and All-day Pre-school Extended Day (\$89,200), increases in gymnastics and swim teams fee (\$53,600), partially offset by the elimination of the Pool Use Fee for maintenance costs (\$130,000); increases to the fee reduction budget (\$45,000); decreases in community center and outdoor rentals (\$80,000); and decrease in revenue-producing programs due to changes in operations, participation, and programs (\$161,457).
- ↑ Other revenue increases due to a donation from the Boeing Company (\$2,033,993) to support the maintenance and operations of Long Bridge Aquatics & Fitness Center.

FY 2022 Proposed Budget Reductions

Department of Management and Leadership

- ↓ Freeze a vacant DPR Program Manager position (\$135,748, 1.0 permanent FTE).
IMPACT: This budget reduction will delay Department initiatives to streamline operations, improve how Departmental teams work together to improve effectiveness of operations and delivery of services, and support larger changes such as opening new facilities and ensuring staff are prepared.
- ↓ Eliminate the support for the Northern Virginia Conservation Trust (NVCT) (\$90,159).
IMPACT: The elimination of this funding to NVCT will not have a direct impact on the provision of services to Arlington County residents.
- ↓ Reduce the support for the Virginia Cooperative Extension (VCE) (\$63,682).
IMPACT: VCE will need to either identify new funding sources or adjust their current offerings within the decreased funding amount provided.

Parks and Natural Resources Division and Community Recreation Division

- ↓ Reduce level of temporary staff across the Parks and Natural Resources (PNR) and the Community Recreation Divisions (CRD) (\$355,000, 7.39 temporary FTEs).

IMPACT: During the COVID-19 pandemic, DPR has realized efficiencies as it has changed the way it delivers programs and maintains parks. Community Recreation will continue to offer its program with reduced temporary staffing without impacting the quality of programming for participants. Similarly, Parks and Natural Resources will continue operating with a minimum level temporary staff support for general park maintenance, leaf collection, and park ranger unit support. However, the County will need to monitor park maintenance depending on the level of park usage post-pandemic. There may be a future need for additional support to prevent a reduction in the level of service.

Senior Adult Programs

- ↓ Freeze a vacant DPR Programmer II position, which was planned to be reallocated within the Department to support enhanced camp coordination and programming for youth due to growing demands in that program area (\$111,950, 1.0 permanent FTE).

IMPACT: The 55+ Program will redistribute work within the team to minimize impact to program participants while the Youth team will postpone plans for enhanced programming.

Facilities Coordination and Operations

- ↓ Reduce level of temporary staff utilized by the Athletic and Facility Services (AFS) division in Community Centers (\$200,000 ongoing, 4.03 temporary FTEs and \$400,000 one-time, 8.07 temporary FTEs).

IMPACT: The ongoing reduction of the level of temporary staff (\$200,000) represents an efficiency. DPR will continue the new staffing model when community centers reopen; there will be no public impact. The one-time reduction of the level of temporary staff (\$400,000) represents anticipated savings in FY 2022, as community centers will continue to operate more limited hours with 140 fewer hours of public access across all centers. The reduced hours in FY 2022 will impact DPR's ability to offer weekend classes through the Enjoy Arlington class catalog, restrict access to fitness centers, and reduce opportunities for weekend rentals for birthday parties, churches, and other organizations.

- ↓ The reduction of community center hours in FY 2022 will result in savings of utilities and custodial expenses (\$33,847).

IMPACT: This reduction is an efficiency with no impacts.

Supplemental Fees

- ↓ A reduction to the Right-Size Supplemental Fees Program budget is a realization of efficiencies in implementing the supplemental fees program (\$44,157).

IMPACT: There is no impact to programming or participants.

FY 2021 Funding Adjustments

The following funding adjustments from the FY 2020 Adopted Budget Plan are necessary to support the FY 2021 program. Included are all adjustments recommended by the County Executive that were approved by the Board of Supervisors, as well as any additional Board of Supervisors' actions, as approved in the adoption of the Budget on May 12, 2020.

Fire and Rescue Department's Internal Review

\$0

As a result of an internal review of the Fire Department's organizational structure, the agency implemented a combination of the Captain I (F-25) and Captain II (F-27) ranks into a single Captain rank classification (F-26) effective July 18, 2020. The purpose of combining these two ranks is to address several organizational challenges that exist within the department. Combining the ranks will provide increased organizational efficiency, flexibility, opportunity, and growth. It is important to note that no additional funding is included in the FY 2021 Adopted Budget Plan as the reorganization is offset by savings identified in Personnel Services.

Changes to FY 2020 Adopted Budget Plan

The following funding adjustments reflect all approved changes in the FY 2020 Revised Budget Plan since passage of the FY 2020 Adopted Budget Plan. Included are all adjustments made as part of the FY 2019 Carryover Review, FY 2020 Third Quarter Review, and all other approved changes through April 30, 2020.
