### O & R Request

**DATE:** May 16, 2022

**EDITION:** 1

**TO:** The Honorable Members of City Council

**THROUGH:** The Honorable Levar M. Stoney, Mayor (Mayor, by Request)  
(This is no way reflects a recommendation on behalf of the Mayor.)

**THROUGH:** J.E. Lincoln Saunders, Chief Administrative Officer

**THROUGH:** Sharon L. Ebert, Deputy Chief Administrative Officer for Economic  
Development and Planning

**FROM:** Kevin J. Vonck, Director, Department of Planning and Development Review

**RE:** To authorize the special use of the property known as 1117 West Leigh Street, for the  
purpose of a two-family detached dwelling, upon certain terms and conditions.

**ORD. OR RES. No.** \_\_\_\_

**PURPOSE:** To authorize the special use of the property known as 1117 West Leigh Street, for the purpose  
of a two-family detached dwelling, upon certain terms and conditions.

**REASON:** The applicant is requesting a Special Use Permit to authorize a residential use on the street  
level of a mixed-use building within an R-8 Urban Residential District. While the use is permitted the  
property does not meet the current lot area and width requirements for a two-family dwelling. A Special Use  
Permit is therefore required.

**RECOMMENDATION:** In accordance with the requirements of the City Charter and the Zoning  
Ordinance, the City Planning Commission will review this request and make a recommendation to City  
Council. This item will be scheduled for consideration by the Commission at its July 5, 2022, meeting.

**BACKGROUND:** The property is located in the Carver neighborhood on West Leigh Street at the corner  
of West Leigh and North Harrison Streets. The property is currently a 1,116 sq. ft. (.03 acre) parcel of land.  
The City's Richmond 300 Master Plan designates a future land use for the subject property as Neighborhood  
Mixed Use, which is defined as "Existing or new highly walkable urban neighborhoods that are  
predominantly residential with a small, but critical, percentage of parcels providing retail, office, personal  
service, and institutional uses."

**Intensity:** Building heights are generally two to four stories. Buildings taller than four stories may be found along major streets. Parcels are generally between 1,500 and 5,000 sq. ft. **Primary Uses:** Single family houses, accessory dwelling units, duplexes, small multi-family buildings (typically 3 to 10 units), and open space. **Secondary Uses:** Large multifamily buildings (10+units), retail/office/personal service, institutional, cultural, and government. (p. 56)

The current zoning for this property is R-8 Urban Residential District. All adjacent properties are located primarily within the same R-8 Urban Residential Zone with R-7 Single- and Two-Family Urban Residential zones to the north of the property. The area is generally single-family residential, with some multi-family residential and small, neighborhood commercial uses present in the vicinity.

**FISCAL IMPACT / COST:** The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

**FISCAL IMPLICATIONS:** Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.

**BUDGET AMENDMENT NECESSARY:** No

**REVENUE TO CITY:** \$300 application fee

**DESIRED EFFECTIVE DATE:** Upon adoption

**REQUESTED INTRODUCTION DATE:** June 13, 2022

**CITY COUNCIL PUBLIC HEARING DATE:** July 25, 2022

## Applicant's Report

Prior to 1982 the property on 1117 W. Leigh St was used as a commercial venture on the first floor and a dwelling unit on the second floor. The use for commercial was discontinued and the commercial section of the home was converted into a dwelling unit with its own bathroom, bedroom, and kitchen. Both sections of the home have their own private entrances.

Since the building's change of use in 1982. The first floor was a permitted for principle use and the second level remained a single dwelling unit. The proposal is to change the home permit to a 2-family dwelling home. The property changes will be in compliance with Richmond's 300 Master Plan. The changes will ensure the proposal is compatible with the surrounding area and that it is an appropriate use for the site.

The conditions below will be met:

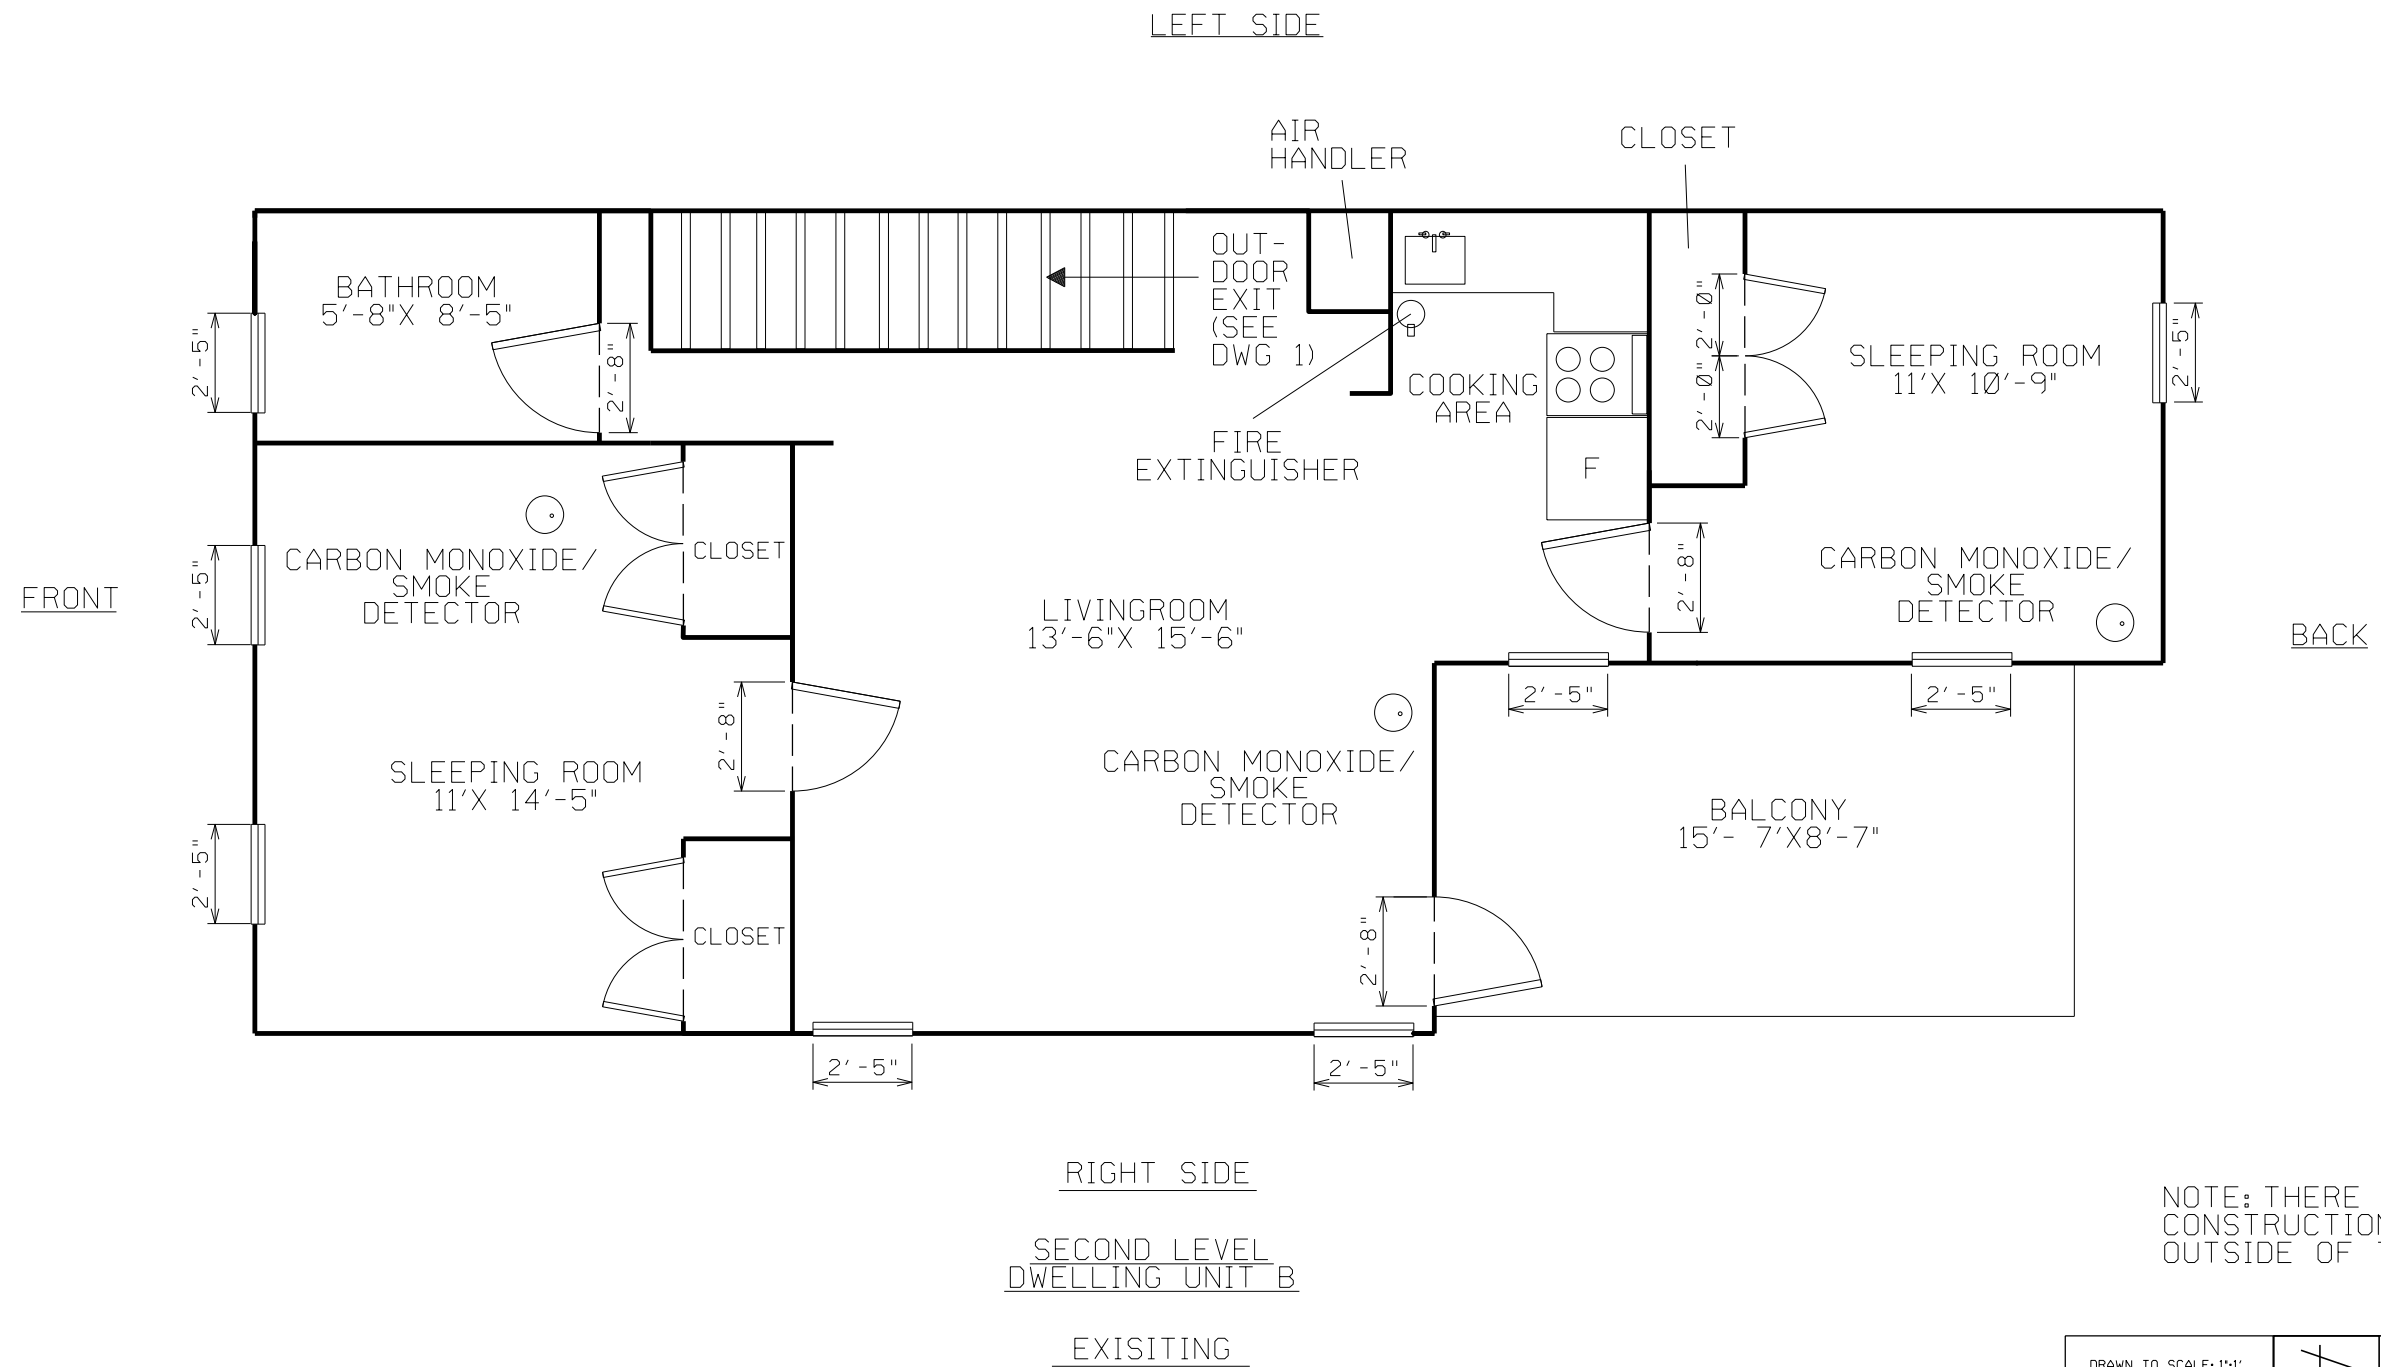

1. The property will not be detrimental to the safety, health, morals and general welfare of the community involved. The property has not created any of the mentioned issues. There are no planned changes to the property that will cause any of these issues.
2. The property will not create congestion in streets, roads, alleys and other public ways and places in the area involved.
  - a) There are no planned exterior changes to the home that will cause any of the mentioned issues under these circumstances.
  - b) There is a back alley in the block of W. Leigh that provide parking to two of the total four homes facing W. Leigh.
  - c) There is a 5<sup>th</sup> home that takes up a third of the block on Leigh that faces the adjacent street (N Hancock St.) with its own assigned Street Parking.
  - d) Currently there are no parking restrictions on the block the property is facing.
3. The property will not create hazards from fire, panic or other dangers. It does not have a history to do so. In, addition there are fire and carbon monoxide detectors installed throughout the home along with a fire extinguisher in each unit.
4. The property will not cause overcrowding of land and an undue concentration of population. Each unit in the home will have 800 sqft. of space which is plenty of room in comparison to a conventional unit in an apartment complex. Nor has undue concentration of population been an issue at the property.
5. The property will not adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences, and improvements.
6. The property will not interfere with adequate light and air. The property has helped provide a small amount of street lighting for the sidewalk which is helpful for pedestrians who cross the street or walk over to the convenient store located behind the property line. There are no other light or air pollution created by the property.
