RE: To amend and authorize the special use of the properties known as 502, 502.5, 504, 504.5, 506, 506.5, 508, 512, 512.5, 514, and 514.5, Westview Avenue for the purpose of up to 10 single-family detached dwellings, upon certain terms and conditions.

ORD. OR RES. No. ____

PURPOSE: To amend and authorize the special use of the properties known as 502, 502.5, 504, 504.5, 506, 506.5, 508, 512, 512.5, 514, and 514.5, Westview Avenue for the purpose of up to 10 single-family detached dwellings, upon certain terms and conditions.

REASON: The applicant is intending to amend an existing subdivision plan which included a total of twelve private lots for newly constructed single-family dwellings which was originally granted a Special Use Permit to allow such lots under the current R-4 Single Family Residential zoning and its requirements regarding lot coverage, lot area and width, as well as front and side yard setbacks. The applicant wishes to reduce the number of private lots from twelve to eleven, and reduce the number of single-family dwellings from twelve to ten. A Special Use Permit amendment is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its June 21, 2022, meeting.

The City of Richmond's Richmond 300 Master Plan designates these parcels as Residential, which is defined as neighborhoods "...consisting primarily of single-family houses on large- or medium-sized lots more homogeneous in nature."

Intensity: Buildings are generally one to three stories. Lot sizes generally range up to 5,000 to 20,000+ sq. ft. Residential density of 2 to 10 housing units per acre.

Primary uses: single-family houses, accessory dwelling units, and open space.

Secondary Uses: small multi-family buildings (typically 3-10 units), institutional, and cultural. Secondary uses may be found along major streets. (p. 54)

The majority of properties surrounding the proposed are currently zoned R-4 Single Family Residential. The density of the proposed project, if approved, would be approximately 7.7 units per acre.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.

Existing Site Conditions

The subject properties front on the west side of the Westview Avenue, located in the Westhampton Neighborhood. These properties are two blocks from the Libbie Avenue Neighborhood Center.

This portion of Westview Avenue is a local road that connects on the north end to a stop light intersection with Patterson Avenue and dead ends on the other side with an unimproved turnaround. This public r/w is 101 feet in length and 45 feet in width. The properties on the opposite side of Westview do not front on this street. Instead, the subject lots face the rear of these properties with fencing and natural privacy screens of backyard trees.

Of the existing residences fronting on Westview Ave, most are one-story, single-gable roof homes built in 1951 with about 1,000 square feet of floor area. Five homes on this street have driveways and there is no sidewalk; each lot meets the street with a continuous rolled curb.

Current Zoning

The properties are currently zoned R-4 Residential (Single Family), which allows for single family detached dwellings, institutional, community and worship facilities and other primary uses.

Per the current zoning ordinance:

- Lots cannot be less than 7,500 square feet (0.1721 acres) in area with a width of not less than 60 feet.

- Front yards must be a minimum of 25 feet; side and rear yards must be at least 6 feet.
- Lot coverage cannot be greater than 30 percent.
- Height shall not exceed 35 feet.

Current SUP and Proposed Amendment

Ord. No. 2020-269, adopted on January 11, 2021, permits subdivision of the 6 original parcels comprising the subject properties into 12 fee simple lots. Nine homes are approved by the current ordinance to be constructed for the first lot series to the south and 3 on the lot series to the north closer to Patterson. The homes in each cluster are to be accessed via private driveway to be maintained by a home owners association.

The amendment, if approved, would reduce the total number of lots from 12 to 11. Instead of 9 lots on the southern portion, 7 would be permitted. Four lots would be permitted to be developed on the northern portion of the subject properties. This new configuration provides each of the 11 lot with improved accessibility from the private driveways and orientations that better accommodate the new residences.

Richmond 300 Master Plan for Future Land Use

The Richmond 300 Master Plan designates these parcels as Residential. This Future Land Use Category is described as neighborhoods consisting primarily of single-family houses on large- or medium-sized lots more homogeneous in nature.

Houses on medium-sized and large-sized lots in a largely auto-dependent environment. Homes are setback from the street. Future developments continue and/or introduce a gridded street pattern to increase connectivity. Future single-family housing, accessory dwelling units, duplexes, and small multi-family residential buildings are built to a scale and design that is consistent with existing buildings.

Neighborhood and City Communication

Notifications emails were sent directly to 30 residents in proximity to the subject site. The leaders of the Westview Civic Association, Westhampton Neighborhood Association, and Westwood Civic League were notified as well.

City Charter Conditions

We trust that you will agree with us that this proposed Special Use Permit Amendment meets the City Charter criteria for the granting of SUPs as the project will not

- (i) be detrimental to the safety, health, morals and general welfare of the community involved;

- (ii) tend to create congestion in streets, roads, alleys and other public ways and places in the area involved;
- (iii) create hazards from fire, panic or other dangers;
- (iv) tend to be overcrowding of land and cause an undue concentration of population;
- (v) adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences and improvements; or
- (vi) interfere with adequate light and air.

Thank you for your consideration of this Special Use Permit Amendment. Please feel free to contact me at lory@markhamplanning.com or (804) 248-2561 if you have any questions or require additional materials to process the application.

Very Truly Yours,

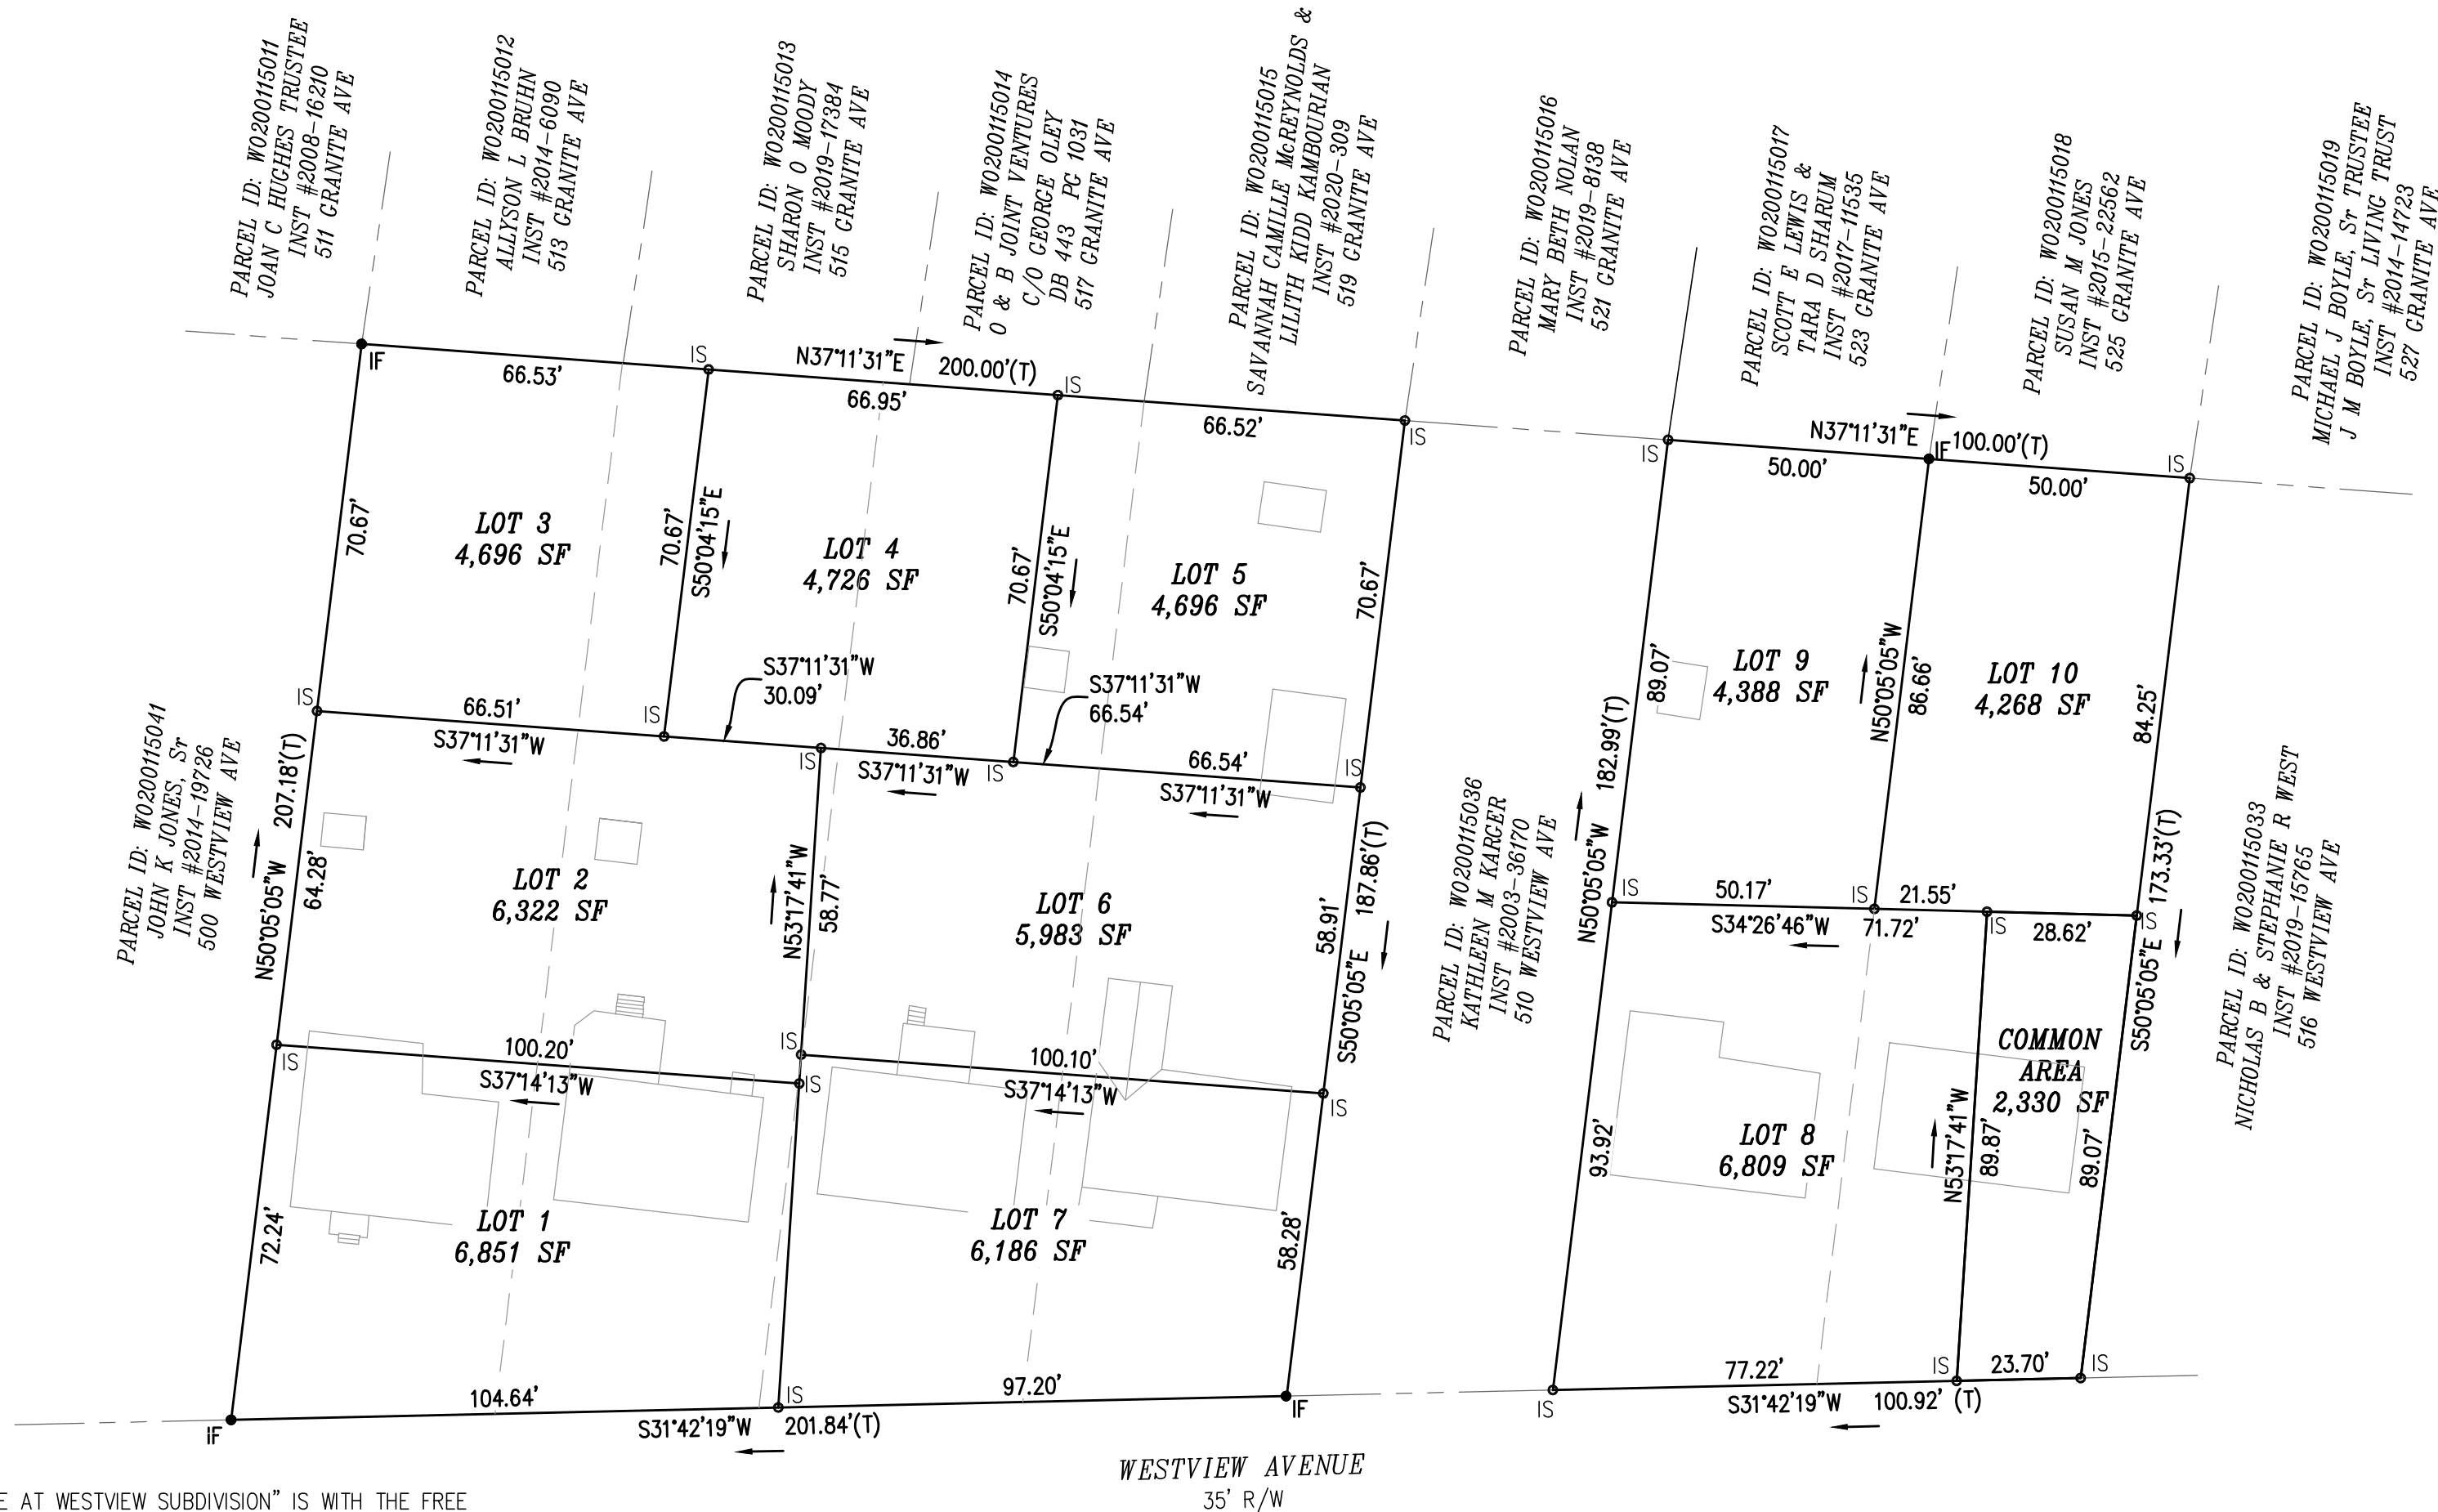

Lory Markham
