RE: To accept a 25' Spay/Neuter Trailer from the Richmond Animal Care & Control Foundation

ORD. OR RES. No. _____

PURPOSE: To authorize the Chief Administrative Officer, on behalf of the City of Richmond, to accept the donation of a spay/neuter trailer from the Richmond Animal Care and Control (RACC) Foundation (value \$140,300.00) that will be used to provide sterilization and other non-emergency surgical repair for animals at Richmond Animal Care & Control.

REASON: In an effort to streamline efficiencies and reduce staff time spent transporting animals to and from private veterinary clinics, an in house, on site spay/neuter clinic will allow Richmond Animal Care and Control to sterilize animals quickly prior to adoption.

RECOMMENDATION: Accept the donation of this spay/neuter clinic.

BACKGROUND: Richmond Animal Care & Control has historically relied on private veterinary clinics to perform spay/neuter surgery. The strain and reduction of veterinary services across the nation, coupled with staff time transporting to and from multiple locations, merits the immediate need of in house capabilities. The goal in the future is to be able to extend services beyond RACC to help Richmond citizens' pets in need.
