Dear Chief Carter:

On behalf of the Virginia Fire Services Board, we are pleased to advise **Richmond City, Virginia** of a **grant award of up to \$450,000 for the new construction** of a burn building as a prop to assist in training the fire service for its jurisdiction. As outlined in the Virginia Department of Fire Programs Live Fire Structure Grant policy, the grant award is allocated as up to \$450,000 for the new construction and up to \$30,000 for architect and/or engineering services, totaling \$480,000.

According to the application submitted, the City has elected to construct a Prototype II, Class A burn building (metal container model).

This award is effective: July 1, 2022: FY2023

Accordingly, the **City has until July 1, 2023 to submit a valid building permit and begin construction** consistent with the terms and conditions of the mutually executed Disbursement Agreement. Following such date, the City will have an additional twelve (12) months to complete construction and collect the balance of their award. **The project expiration date is marked as July 1, 2024.**

Be advised that all documents are available on our website at www.vafire.com under the Grants and Local Aid: Burn Building link, including the VFSB Live Fire Structure Grant Policy which is effective as of February 2022. The City is required to review these documents very carefully in order to progress with its project in compliance with the terms and conditions of this grant award and the Policy that governs the Live Fire Structure Grant Program.

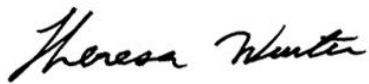

In accordance with the Live Fire Structure Grant Policy, the City will be required to attend an Orientation Meeting at one of VDFP's Division Offices within thirty (30) days of award effective date. The purpose of this meeting is to introduce VDFP staff to new grants recipients, provide an overview of the grant program, and offer an opportunity for grants recipients to ask questions about the grants process. **The City must schedule the Orientation Meeting by August 1, 2022.**

Two originals of the Burn Building Disbursement Agreement are included. The City Administrator must sign both originals and have them sent to my attention. Both originals will be counter signed by the Virginia Department of Fire Programs. One original will be returned to the City for Local file retention. **No funds disbursements will be authorized or released without the executed disbursement Agreement.**

Funds disbursement for new construction projects will be made in five (5) installments upon notification by the jurisdiction to the Agency. Once a valid building permit has been submitted and an executed Agreement is on file, the jurisdiction is eligible to draw the first 25% of the construction grant. Once A/E services are complete, jurisdictions may also request reimbursement for such services up to the amount awarded by the VFSB not to exceed \$30,000. Remaining funds disbursements for the construction grant will be made upon jurisdiction request on the percentage of completion method at 50%, 75% and 100% completion. In order to be eligible for final payment, the prop must be placed in operation. It is the responsibility of the jurisdiction to maintain all such records subject to audit by this Agency or its assignees for a period of five (5) years following the date of the last transfer of award funds to the grant recipient.

- 5 The Grantee agrees to carry out and complete all phases of the Project strictly in accordance with the plans, specifications and project narrative. - 10 Grantee hereby agrees that the Project shall be maintained and operated at all times in a manner designed to prolong the useful life of the Project and that no condition will be allowed to exist that will, or is likely to, lead to a shorter than expected useful life for the Project.
