November 7, 2022

## **City Planning Commission**

## SITE MAP

The properties are located at the corner of Park Avenue and Tilden Street in the Museum District neighborhood, and together, consist of a total of 6,969 sq. ft. or .16 acres of land, improved with a 1,770 sq. ft. vacant, 2-story dwelling constructed, per tax assessment records, in 1917.

## EXISTING LAND USES:

- Single Family
- Duplex
- Multi-family
- ☐ Vacant
- **Commercial**

## PURPOSE & SUMMARY:

To authorize the special use of the properties known as 3301 Park Avenue and 3303 Park Avenue for the purpose of four single-family attached dwellings, with off-street parking, upon certain terms and conditions.

 Existing R-6 Single-Family Attached Residential

## RICHMOND 300 MASTER PLAN DESIGNATION: Neighborhood Mixed-Use

**Neighborhood Mixed Use:** "existing or new highly-walkable urban neighborhoods that are predominantly residential with a small, but critical, percentage of parcels providing retail, office, personal service, and institutional uses"

**Intensity:** Building heights are generally two to four stories. Buildings taller than four stories may be found along major streets Parcels are generally between 1,500 and 5,000 sq. ft.

**Primary Uses:** Single-family houses, accessory dwelling units, duplexes, small multi-family buildings (typically 3-10 units), and open space.

**Secondary Uses:** Large multifamily buildings (10+units), retail/office/personal service, institutional, cultural, and government.

## EXISTING ZONING: R-6 Single Family Attached Residential

**Sec. 30-412.4(2)a, Density.** The average density within a development site shall not exceed ten dwelling units per acre.

The density of the proposed is 24 units per acre.

**Sec. 30-412.4(2)b, Lot area.** Single-family attached dwellings shall be located on lots of not less than 2,200 square feet in area...

The proposed lot sizes are approximately 1,440 to 1,500 square feet.

**30-412.5(2)a, Front yard.** There shall be a front yard with a depth of not less than 15 feet adjacent to public streets, private streets, parking areas and common spaces.

Two units have front yards equally approximately 8 feet between buildings and front yard public right-of-way.

## EXISTING ZONING: R-6 Single Family Attached Residential

**30-412.5(2)b, Side yard.** There shall be side yards of not less than three feet in width except where buildings are attached. There shall be a side yard of not less than ten feet in width at each end of a series of attached units.

One of the end units has a zero foot sideyard.

**30-412.5(2)c, Rear yard.** There shall be a rear yard with a depth of not less than five feet *Rear yards range from zero to three feet in width.* 

**30-412.6, Lot coverage.** Lot coverage in the R-6 single-family attached residential district shall not exceed 55 percent of the area of the lot. *The lot coverages range from 63 to 81 percent.* 

**30-412.7, Driveways from streets.** No driveway intersecting a street shall be permitted on a lot devoted to dwelling use when alley access is available to serve such lot.

Private driveway is included to access rear garages.

## Neighborhood Context: Walkscore: 90 and more "Walker's paradise"

# Neighborhood Context: Density Analysis

The average density of the adjacent blocks is approximately 22 units per acre.

Within 500 ft. there are 27 properties with equal to or greater density than 24 units per acre.

### NEIGHBORHOOD PARTICITPATION, AFFORDABILITY, SURROUNDING AREA

#### **Neighborhood Participation**

Staff notified area residents, property owners, and the Museum District Association of the proposed Special Use Permit. Staff has received letters of opposition from residents as well as a letter of no-opposition from the Museum District Association.

#### **Affordability**

The median household income for the Richmond region is currently \$71,223 per year. The affordability threshold is 30% of household income towards housing costs, which equates to \$21,367 per year, or \$1,781 per month, or less, to avoid a housing cost burden.\* These units are projected to be market rate.

\*(U.S. Census Bureau, 2020 American Community Survey 1-Year Estimates)

#### **Surrounding Area**

All surrounding parcels are located within the R-6 Single-Family Attached Residential District and West of the Boulevard Design Overlay District. A mix of single-, two-, and multi-family residential, commercial, mixed-use, and institutional land uses are present in the area. The property is in close proximity to Albert Hill Middle School.

# West of the Boulevard Design Overlay Guidelines

- Purpose: To prevent new residential construction which is incompatible with the prevailing architectural characteristics found within the District.
- The guidelines are in no way to be construed to supersede existing building codes or zoning ordinances.
- Buildings within the District vary greatly. These guidelines attempt to distinguish the most prominent aspect found of each feature.
- For each guideline, there may be an existing exception.
- Goal of guidelines is to define characteristics based on majority of buildings.
- It is important to allow a range within each characteristic for new construction allowing for the individuality of each new building.

# West of the Boulevard Design Overlay Guidelines

9 Prominent Building Features:

Height of Cornice Width of Building

Front Setback Roof Form

Building Material Fenestrations

First Floor Elevation Front Door

(height above ground) Front Porch

#### CONTEXT:

The property is also located in the West of the Boulevard Design Overlay District. The Zoning Ordinance states the intent of design overlay districts is to protect developed areas of the City characterized by uniqueness of established neighborhood character, architectural coherence and harmony, or vulnerability to deterioration. This is accomplished through controlling the patterns of architectural design and development in residential and commercial neighborhoods, which may include new construction, alterations, and demolitions...Each design overlay district shall have its own specific design guidelines which are developed by the neighborhood organization requesting design overlay district designation.

More specifically, the West of the Boulevard Design Overlay District Design Guidelines state: One of Richmond's most significant collections of early 20th century architecture, the district features compact clusters of brick rowhouses, detached townhouses, apartment buildings, small commercial structures, three churches, a synagogue, and five schools...Each block within the District has the unique qualities of scale, uniform setback, building proportion, and the uninterrupted rhythm of the streetscape. The combination of these blocks into a single neighborhood creates the distinct urban fabric of the West of the Boulevard Historic District. The purpose of the design overlay district guidelines is to prevent new residential construction which is incompatible with the prevailing architectural characteristics found within the District.

## **ORDINANCE CONDITIONS:**

- 3(a) The Special Use of the Property shall be as four single-family attached dwellings, with off-street parking, substantially as shown on the Plans.
- (b) No fewer than [eight] six on-site parking spaces shall be provided for the Special Use, substantially as shown on the Plans.
- (c) The height of the Special Use shall not exceed three stories, substantially as shown on the Plans.
- (d) All building materials, elevations, and site improvements, shall be substantially as shown on the Plans, subject to the applicable regulations of the West of the Boulevard Design Overlay District, pursuant to sections 30-940 through 30-940.9 of the Code of the City of Richmond (2020), as amended. Vinyl siding shall not be permitted.
- 4(c) Facilities for the collection of refuse shall be provided in accordance with the requirements of the Director of Public Works. Such facilities shall be located or screened so as not to be visible from adjacent properties and public streets, substantially as shown on the Plans.
- (e) The Owner shall make improvements within the public right-of-way, including new street trees along Tilden Street and Park Avenue substantially as shown on the Plans.

## Context:

From September 6 Planning Commission Meeting

From October 17 Planning Commission Meeting

## MOST RECENT UPDATED PLANS

#### STAFF RECOMMENDATION: APPROVED.

Staff found that the plans presented on October 17, 2022 did not meet all applicable regulations of the West of the Boulevard Design Overlay District. The Commission voted on October 17, 2022 to continue the special use permit request so that the plans could be modified. The applicant has since modified the plans, which have been included with the agenda for the November 7, 2022 Planning Commission meeting.

Staff finds that the November 7, 2022 plans meet all applicable regulations of the West of the Boulevard Design Overlay District, including cornice height, roof form, and material selection.

Staff finds that the proposed single-family attached infill units are generally consistent with the Richmond 300 Master Plan Neighborhood Mixed-Use category including the recommended street orientation, setbacks, front porch locations, door openings, new driveways and parking locations, building height, and principal uses. The proposed density of the development is comparable to existing residential densities in the area.

#### STAFF RECOMMENDATION: APPROVED

Staff finds that the proposed use would not pose an undue burden on the availability of onstreet parking in the area due to the provision of 6 on-site parking spaces and proximity to mass transit.

Staff finds that with the ordinance conditions the safeguards contained within the City Charter, relative to the granting of Special Use Permits, are met. Specifically, staff finds that the proposed special use would not be detrimental to the general welfare of the community involved and would not create congestion in the streets in the area involved.

Therefore, staff recommends approval of the Special Use Permit request, with the following amendments to the ordinance:

- Refer to the modified plans presented to the Commission on November 7, 2022.
- Change the parking requirement to 6 on-site parking spaces
