RE: U.S. Department of Health and Human Services "Advancing Health Literacy to Enhance Equitable Community Outcomes" Subgrantee Contracts

ORD. OR RES. No. _____

PURPOSE:

To authorize the Chief Administrative Officer to execute grant contracts between the City of Richmond and the following specific eligible community partners for the purpose of funding the collaborative community health literacy program established by the City's "Advancing Health Literacy to Enhance Equitable Community Outcomes" grant from U.S. Department of Health and Human Services:

- \$87,000 to La Casa de la Salud
- \$108,500 to Sacred Heart Center, Inc.
- \$106,800 to Waymakers Foundation
- \$116,000 to Community 50/50, Inc.
- \$114,000 to Nolef Turns Inc.
- \$70,000 to Richmond Henrico Health District
- \$545,060 to Virginia Union University

REASON:

The U.S. Department of Health and Human Services awarded \$4,000,000 to the City of Richmond for a collaborative effort called “Advancing Health Literacy to Enhance Equitable Community Outcomes.” Ordinance Number 2021-287 authorized acceptance of these funds and appropriated them to the Office for the Deputy Chief Administrative Officer for Human Services. Community partners were identified for the first phase of the project. Ord. 2021-304 appropriated the transfer of \$1,156,360.00 of the funds from the Office of the Deputy Chief Administrative Officer to the Non-Departmental agency in order to make grants to these specific eligible organizations.

Ord. 2022-171 was adopted to transfer the \$4,000,000 to a new Special Fund called the Advancing Health Literacy Special Fund. Ord. 2022-171 then reduced the \$4,000,000.00 to \$2,843,640.00, because the remainder of the \$4,000,000.00 had already been appropriated to the Non-Departmental agency by Ord. No. 2021-304, adopted December 13, 2021 and then subsequently obligated.

Work on this collaborative grant project has continued and entered a second phase. This Ordinance would authorize the CAO to enter into grant contracts with select eligible organizations and to disperse \$1,147,360 of the remaining \$2,843,640.00 to these partner organizations pursuant to these grant contracts for phase two of the project in the following way:

- \$87,000 to La Casa de Salud
- \$108,500 to Sacred Heart
- \$106,800 to Waymakers
- \$116,000 to Community 50/50
- \$114,000 to Nolef Turns
- \$70,000 to Richmond Henrico Health District
- \$545,060 to Virginia Union University

RECOMMENDATION: The City Administration recommends adoption.

BACKGROUND: In April 2021, the Office of Community Wealth-Building submitted a proposal titled “Advancing Health Literacy through Peer Outreach and Navigation Support in Richmond” to address disparities in health outcomes in Richmond. Due to historical and ongoing oppression of low-income, Black/African American, and Latino/Latinx populations and neighborhoods in Richmond, many communities of color experience low health literacy, low access to quality care, and poorer overall health outcomes. Although there are many healthcare and community services available citywide, the majority are inaccessible to low-income Black and Latinx community members due to transportation challenges, confusion on how to qualify for and access services, and/or affordability. Black and Latinx residents of Richmond also experience a disproportionate burden of chronic disease. A study by Virginia Commonwealth University’s Center on

Society and Health reveals a 20-year difference in life expectancy between residents of Richmond's majority Black public housing communities and wealthy majority-White West End neighborhoods.

The goal of the project is to strengthen the capacity of residents of low-income Black and Latinx communities in Richmond to protect and advocate for their own health - including adhering to COVID-19 mitigation practices - by offering culturally relevant, relationship-based peer education and navigation support on-site in our most vulnerable neighborhoods. The City of Richmond (CoR) and its partners aim to serve at least 10,000 residents per year.

In addition, the CoR and partners will use insights from interactions with residents to clarify and tailor print and digital health materials in English and Spanish. The Center for Health Equity & Empowerment Research (CHEER) at Virginia Union University (an HBCU) is using a mixed method participatory evaluation approach for process and outcomes to support the community engagement efforts of the initiative. CHEER will also use data insights to drive a broader shift toward culturally and linguistically competent service delivery in Richmond. Our theory of change holds that residents should be empowered to build health literacy, not only to protect their personal health, but to engage in systems-level change that affects the health of their community.

FISCAL IMPACT / COST: The project will be paid for by drawing down from the remaining grant allocation from the U.S. Department of Health and Human Services.

35. Terms And Conditions

SPECIAL CONDITIONS

1. **Medium Risk Designation.** Your project is designated medium risk.

We based this designation on our experience with your prior experience managing awards with the Office of the Assistant Secretary for Health, concerns identified in your most recent single audit, and/or concerns about your proposed treatment of costs under the Cost Principles in 45 C.F.R. part 75. This designation is to protect the Federal Government's interest. We will reevaluate this designation after three months of reporting. This special condition remains in effect until you receive written approval from the Grants Management Officer.

To assure ongoing programmatic progress and financial compliance, you must submit a monthly progress report outlining specific and measurable progress toward meeting the objectives in the approved project work plan. The federal project officer and grants management specialist will provide information regarding the content and format of the report which are intended to supplement the 30-, 60-, and 90-day reporting for this initiative. The reporting period is every 30 days from the project start date. The report must be submitted in the Grant Notes module of Grant Solutions no later than 7 calendar days after the close of the period. For example, for a project beginning July 1, the first reporting period covers July 1 through July 30 and must be submitted no later than August 7.

This requirement is in addition to the standard reporting requirement described in the Standard Terms and Requirements below.

Failure to comply with this or any other Special Condition may result in an enforcement action such as disallowance of funds, drawdown restriction, suspension, or termination. Should we decide to terminate your award prior to the end of the project period based on your material failure to comply with the terms and conditions of the award, we must report the termination to a government-wide integrity and performance system.

SPECIAL TERMS AND REQUIREMENTS

1. **Limitations on Burn-rate.** Funding for this project has been awarded as a single budget period for the entire project period. OASH expects awardees appropriate management of funds including appropriate burn-rates to execute the awarded project in full. To protect the federal interest, OASH is placing a limitation on the burn-rate of the Total Federal Share awarded. Unless prior written approval has been obtained from the OASH Grants Management Officer, the awardee is authorized to drawdown:

- up to 30% of the Total Federal Share in the first 6 months of the project period;
- up to 55% of the Total Federal Share in the first 12 months of the project period; and
- up to 80% of the Total Federal Share in the first 18 months of the project period.

Prior written approval is required from the OASH Grants Management Officer to exceed these limits. Requests will only be considered after reviewing a submitted Budget Revision Amendment including a justification uploaded in Grant Solutions.

2. **Special Reporting.** For the first 6 months of the project, you must submit monthly reports in Grant Notes in Grant Solutions. The calendar month is the reporting period. The reports are due no later

Your project officer will provide additional guidance regarding optional formats. Office of the Secretary

Award# 1 CPIMP211285-01-00

FAIN# CPIMP211285

Federal Award Date: 06/18/2021

The Salary Limitation is based upon the Executive Level II of the Federal Executive Pay Scale. Effective January 2021, the Executive Level II salary is \$199,300. For the purposes of the salary limitation, the direct salary is exclusive of fringe benefits and indirect costs. An individual's direct salary is not constrained by the legislative provision for a limitation of salary. The rate limitation simply limits the amount that may be awarded and charged to the grant.cooperative agreement. A recipient may pay an individual's salary amount in excess of the salary cap with non-federal funds.
