Hello,

I am a resident of the Fan (District 5) and I support the elimination of parking minimums for new developments. I think this will help improve the neighborhood's affordability and safety. The less cars we have in the area the better as they endanger the lives of pedestrians. The area also needs more dense & more affordable housing, this will help us efficiently use the sparse land resources that we have available to us and create a more vibrant community.
Thank you for all the work you do for our community.

Sincerely,

Colin Taylor
