RE: $\quad$ Acceptance of grant funds from the Virginia Department of Conservation, Recreation, amend the FY23 CIP Budget and to authorize the acquisition of Mayo Island.

ORD. OR RES. No.
Title PURPOSE: To authorize the Chief Administrative Officer to accept grant funds in the amount of $\$ 7,500,000$, as reimbursement for the acquisition of Mayo Island, from the Virginia Department of Conservation and Recreation (VDCR), through the Virginia Resources Authority; to amend Ord. No. 2022-057, adopted May 9, 2023, which adopted the Fiscal Year 2022-2023 CIP Budget by creating a new capital project titled "Stormwater Mayo Island Purchase"; for the purpose of acquiring Mayo Island from Mayo's Island L.C., and the granting of $\$ 14,900,000$ from Stormwater Utility funds, to Mayo's Island L.C. The Commonwealth's grant is contingent upon the City first purchasing Mayo Island and then receiving the $\$ 7,500,000$ as reimbursement, to be appropriated in the new capital project titled "Stormwater Mayo Island Purchase."

The table on the next page lists current funding sources:

## Acquisition of Mayo Island Fund Sources

Commonwealth of Virginia grant<br>Stormwater Funds<br>Total Purchase Price<br>$\$ 7.5$ million<br>\$7.4 million<br>$\$ 14.9$ million

REASON: An ordinance is necessary to authorize the acceptance and appropriation of the VDCR grant, create a new capital project titled "Stormwater Mayo Island Purchase" and to authorize the acquisition, through conveyance of deed Mayo Island from the Mayo's Island L.C.

RECOMMENDATION: The City Administration recommends adoption.
BACKGROUND: The goal of this project is to acquire Mayo Island from private landowners and turn it into public open-space and implement Natural and Nature Based Features (NNBF) such as converting riparian buffer turf and impervious areas to forest and protecting natural wetlands with surrounding upland buffer. A benefit to nature-based projects is that there can be low ongoing maintenance costs. Once Mayo Island is acquired restoration work can commence to remove concrete and asphalt surfaces and restore vegetation. Land use change that are anticipated after acquisition include impervious urban surface reduction, forest buffers, urban forest planting, urban tree canopy expansion, conservation landscaping practices, erosion and sediment control, shoreline management (urban), urban nutrient management, wet ponds and wetlands. Removing approximately 8 acres of surface parking and restoring it to a more natural area will have many co-benefits. Mayo Island can be programmed by the Department of Parks and Recreation and a conservation easement will be established. Acquiring Mayo Island for public use has long been part of planning for clean water, green spaces and public access to the James River.

## FISCAL IMPACT / COST:

- If adopted: The City will be able to leverage $\$ 7,500,000$ in Virginia Department of Conservation and Recreation grant funding with $\$ 7,400,000$ in Stormwater Utility Bond funding to complete the purchase of Mayo Island in the city of Richmond.
- If not adopted: Will not have the authority to accept grant funds and appropriate those funds toward the purchase of Mayo Island.

FISCAL IMPLICATIONS: None

## BUDGET AMENDMENT NECESSARY: Yes

REVENUE TO CITY: Approximately $\$ 100,000$ annually based on an existing lease agreement, which will transfer with the property.

Please review the agreement documents emailed or enclosed with this communication as well as the grant manual used for application for important guidance information. Of particular note are the following requirements:

All requests for disbursement shall be delivered to DCR for approval according to the reimbursement terms of the grant manual, suing the form provided, and as outlined in the Grant Agreement. DCR shall forward the approved request to VRA for payment to the applicant. VRA will not disburse funds prior to receipt of a fully executed Grant Agreement.

6. If a project, study, capacity building or planning activity does not commence in a timely fashion to allow completion within the agreement period, funding will be withdrawn and the applicant may reapply during the next grant round, should funds be available.
7. An extension may be granted at the discretion of the Department; however, all extension requests must be received no later than 90 days prior to the expiration of the original agreement, and the approved activity must have commenced within the first nine months of the original agreement period.

The Grantee has requested a grant from the Fund and such grant has been approved by the Department, as evidenced by Exhibit A to this Agreement. The Grantee will use the grant monies from the Fund to finance that portion of the Project Costs not being paid from other sources as set forth in the Project Budget.
