RATIONALE FOR PLACING ON PUBLIC PROPERTY

The rationale for the installation is we (the community and Battery Park staff) believe that we should continue with the spirit of Arthur Ashe and what he stood for. We feel that installing a mural on the hitting wall will motivate as well as pay tribute to our neighbor and world-wide hero.

CORRELATION TO RICHMOND 300 AND THE PUBLIC ART MASTER PLAN

Richmond 300 Master Plan

Goal 4: Urban Design (p. 99)

Public art is critical to showcase a place's uniqueness, culture, and history. . . . Future public art projects and improved streetscapes in all parts of the city set the tone for high-quality development and create pride for residents as they look forward to the future prosperity of their neighborhood and their personal household.

Objective 4.2 (p. 102)

Integrate public art into the built environment to acknowledge Richmond's unique history and neighborhood identity, and engage the creative community, focusing public art efforts in areas that do not have public art today.

Public Art Master Plan

Distribute Public Art Equitably (p. 55)

. . . To engender interest and enthusiasm about public art in the city, the program must be active in neighborhoods outside of the downtown core to engage more citizens. Smaller-scale projects created by artists that interact with neighborhood residents can contribute to the texture and identity of an area and help provide a sense of community by adding landmarks, touchstones, and a unique character.
