MASTER PLAN

The City's Richmond 300 Master Plan states: Housing costs in Richmond have outpaced income growth for low- and very low-income households... In 2016, two-thirds of households earning less than 80 percent of the HUD area median family income (HAMFI) were housing cost-burdened; whereas, in 2000 half of households earning less than 80% of HAMFI were housing cost burdened. Given these data, there is a substantial need for more housing for low income and very low-income households in Richmond and the Richmond region...

Objective 14.3 Create 10,000 new affordable housing units for low- and very low-income households over the next 10 years.

ZONING

The subject parcels are subject to the Highland Grove Community Unit Plan ordinance (Ord. No. 2019-120 adopted on May 28, 2019).

SURROUNDING AREA

Properties abutting the subject properties to the north, south and east contain a mix of single-, two-, and multi-family residential land uses. The properties across the Richmond-Henrico Turnpike to the west are also a mix of single-, two-, and multi-family residential land uses. Properties to the north and east are zoned R-5; properties to the southeast are zoned R-53 Multi-Family Residential; Properties to the south and west are zoned R-6
