RE: TO AUTHORIZE THE CHIEF ADMINISTRATIVE OFFICER OR DESIGNEE TO EXECUTE A STANDARD CITY/FEDERAL AGREEMENT FOR THE FEDERAL 'SAFE STREETS AND ROADS FOR ALL' (SS4A) GRANT PROGRAM TO FUND SUPPLEMENTAL VISION ZERO ACTIVITIES.

ORD. OR RES. No.

PURPOSE: To authorize the Chief Administrative Officer or designee, for and on behalf of the City of Richmond, to execute a standard City/Federal agreement for the Safe Streets and Roads for All (SS4A) Grant Program.

REASON: The Federal Highway Administration (FHWA) requests that the City enter into an agreement for the development and administration of the approved supplemental Vision Zero activities. The City will focus on the following five safety planning initiatives: 1. Better managing speed 2. Improving accessible routes for people of all ages and abilities 3. Creating a comprehensive street light management plan 4. Screening and assessing people with mental health and substance use disorders to connect them to available services, and 5. Conducting roadway safety assessments using a multi-disciplined approach.

RECOMMENDATION: Department of Public Works recommends approval of this ordinance.

BACKGROUND: This agreement follows Resolution 2022-R-041 which expressed City Council's support for the City's participation in the United States Department of Transportation's (USDOT) SS4A Grant Program to provide funding for the implementation of Vision Zero traffic safety program activities to achieve the goal of zero deaths and serious injuries on the streets of the city of Richmond.

The U.S. Department of Transportation published a Notice of Funding Opportunity (NOFO) for \$1.0 billion in FY22 grant funding through the SS4A discretionary grant program under the Infrastructure Investment and Jobs Act (IIJA). The SS4A discretionary grants can be used to implement projects and strategies found within the Safe and Healthy Street Commission's adopted Vision Zero Action Plan. Overall, USDOT

awarded \$210 million in grants to establish action plans and \$590 million in grants to implement projects and supplemental activities. For the implementation grants, the USDOT awarded 37 grants.

This is a discretionary grant funding program to accept applications as directed by President Biden's Bipartisan Infrastructure Law (BIL). For the 2022 SS4A grants, maximum funding for each selected project is \$30 million, minimum funding is \$5 million, and no single state shall be awarded more than total of \$90 million in implementation grant funding.

The City submitted a comprehensive grant application by the deadline of September 15, 2022. A partial award of the implementation grant was selected and approved by the USDOT on February 1, 2023.

The total award of the supplemental activities is \$953,018. The grant program requires the City to provide 20% (\$190,604) matching fund as the FHWA will provide 80% (\$762,414) fund for the project. The City's matching fund is proposed to be appropriated using City CIP GO bond and/or CVTA Local Special Fund for FY24 through FY25 budget years.

The proposed supplemental actions met the required criteria of SS4A Grants. The criteria include (1) safety impact, (2) equity, engagement, and collaboration (3) effective practices and strategies, (4) climate change and sustainability, and economic competitiveness, (5) project readiness, and (6) funds to underserved communities.

Traffic-related deaths and serious injuries on city streets are not limited to one location. These severe crashes occur across the city with greater frequency on the arterial streets that carry more people who walk, bike, roll, ride transit, and drive. These streets are wider and often have multiple travel lanes. Richmond's High Injury Network (HIN) will continue to be the focus. The HIN comprises 7 percent of the roadway network and account for 62 percent of the severe crashes that result in a permanent detour from a person's original destination to the morgue or hospital with life ending or life altering injuries. A safe systems approach coupled with a complete streets process will enable the City of Richmond to deliver a comprehensive approach that serves all users, regardless of age or ability through a proposed package of projects and supplemental activities to reduce the likelihood of a severe crash to zero.

The Virginia Department of Health uses a Health Opportunity Index (HOI) as a composite measure of the social, economic, educational, demographic, and environmental factors that relates to a community's well-being. A "health in transportation" approach is required to address traffic-related deaths and serious injuries in an equitable manner. The HOI includes indicators of neighborhood walkability and access to transportation for those that are low income, disabled, or elderly. These factors are relevant to Vision Zero, Safe Systems, and Complete Streets. Areas in the City that scored a "very low" HOI have almost three times as many traffic related deaths and serious injuries compared to the other four quintiles of HOI combined in the City of Richmond. Further investment in these communities of concern with a package of projects with supplemental activities will improve the overall health outcomes of residents in the areas with the greatest needs. Our stakeholders continue to determine which factors have the greatest influence in these communities.

Streets classified as arterials in the City of Richmond are the location of the overwhelming number of traffic-related deaths and serious injuries, including pedestrians because of a greater number of users and higher vehicle operating speeds. 81 percent of all traffic related deaths and serious injuries occur at intersections with 51 percent of pedestrian crashes occurring at intersection. Pedestrian related deaths and serious injuries are disproportionately high when compared to other localities in Virginia and across the country. Where pedestrian activity is higher and there is more exposure, the number of crashes increases.

By providing the funding for these supplemental activities, this will enable the City of Richmond with its partners to provide a critical transportation safety improvements on the HIN resulting in lives saved and life changing injuries prevented.

If future funding for implementation is not obtained, traffic related deaths and serious injuries will continue to occur on city streets and the city's residents and visitors will not see the benefits of our Vision Zero goals

realized. Transportation safety can have huge negative impacts on health, well-being and personal finances. This funding will allow the City to address severe traffic-related crashes on heavily used city streets for multimodal transportation users of all ages and abilities.

The intent of this ordinance is enter into a city/federal standard agreement to continue the commitment made by City Council and the Mayor to authorize the City to participate in the 2022 SS4A Grant program and to commit 20% matching funds as federal funding was awarded for the supplemental planning activities.

FISCAL IMPACT / COST: \$190,604 in matching 20% City funds in the City CIP and/or CVTA Local Special Funds thru FY24 and FY25.

FISCAL IMPLICATIONS: Not entering into this program agreement eliminates the possibility of receiving up to \$762,414 (80%) in federal SS4A funds for supplemental Vision Zero planning activities.

BUDGET AMENDMENT NECESSARY: No. A separate companion City Council Ord to amend FY24 CIP budget being processed to appropriate approved \$762,414 in SS4A funds to the Department of Public Works in Transportation Category. It is anticipated that City will allocate the required 20% matching City funds from City CIP and/or CVTA Local Special Funds in FY24/FY25.

REVENUE TO CITY: \$762,414 federal reimbursable funds.

DESIRED EFFECTIVE DATE: Upon adoption.

USDOT ADMINISTRATIVE INFORMATION

5.1 Office for Subaward and Contract Authorization.

USDOT Office for Subaward and Contract Authorization: FHWA Office of Acquisition and Grants Management

SUBAWARDS AND CONTRACTS APPROVAL

Note: See 2 CFR § 200.331, Subrecipient and contractor determinations, for definitions of subrecipient (who is awarded a subaward) versus contractor (who is awarded a contract).

Note: Recipients with a procurement system deemed approved and accepted by the Government or by the AO are exempt from the requirements of this clause. See 2 CFR 200.317 through 200.327.

Note: This clause is only applicable to Action Plan Grants.

Unless described in the application and funded in the approved award, the Recipient must obtain prior written approval from the AO for the subaward, transfer, or contracting out of any work under this award above the Simplified Acquisition Threshold. This provision does not apply to the acquisition of supplies, material, equipment, or general support services. Approval of each subaward or contract is contingent upon the Recipient's submittal of a written fair and reasonable price determination, and approval by the AO for each proposed contractor/sub-recipient. Consent to enter into subawards or contracts will be issued through written notification from the AO or a formal amendment to the Agreement.

The following subawards and contracts are currently approved under the Agreement by the AO. This list does not include supplies, material, equipment, or general support services which are exempt from the pre-approval requirements of this clause.

(Fill in at award or by amendment)

5.2 Reimbursement Requests

- (a) The Recipient may request reimbursement of costs incurred in the performance of this agreement if those costs do not exceed the funds available under section 2.2 and are allowable under the applicable cost provisions of 2 C.F.R. Part 200, Subpart E. The Recipient shall not request reimbursement more frequently than monthly.
- (b) The Recipient shall use the DELPHI eInvoicing System to submit requests for reimbursement to the payment office. When requesting reimbursement of costs incurred or credit for cost share incurred, the Recipient shall electronically submit supporting cost detail with the SF 271 (Outlay Report and Request for Reimbursement for Construction Programs) to clearly document all costs incurred.
- (c) The Recipient's supporting cost detail shall include a detailed breakout of all costs incurred, including direct labor, indirect costs, other direct costs, travel, etc., and the Recipient shall identify the Federal share and the Recipient's share of costs. If the Recipient does not provide sufficient detail in a request for reimbursement, the AO may withhold processing that request until the Recipient provides sufficient detail.
- (d) The USDOT shall not reimburse costs unless the Agreement Officer's Representative (the "AOR") reviews and approves the costs to ensure that progress on this agreement is sufficient to substantiate payment.
- (e) The USDOT may waive the requirement that the Recipient use the DELPHI eInvoicing System. The Recipient may obtain waiver request forms on the DELPHI eInvoicing website (<http://www.dot.gov/cfo/delphi-einvoicing-system.html>) or by contacting the AO. A Recipient who seeks a waiver shall explain why they are unable to use or access the Internet to register and enter payment requests and send a waiver request to

Director of the Office of Financial Management

US Department of Transportation,
Office of Financial Management B-30, Room W93-431
1200 New Jersey Avenue SE
Washington DC 20590-0001

or

DOTElectronicInvoicing@dot.gov.

If the USDOT grants the Recipient a waiver, the Recipient shall submit SF 271s directly to:

DOT/FAA
P.O. Box 268865
Oklahoma City, OK 73125-8865
Attn: **Agreement Specialist**

- (f) The requirements set forth in these terms and conditions supersede previous financial invoicing requirements for Recipients.

ARTICLE 6 SPECIAL GRANT TERMS

- 6.1** SS4A funds must be expended within five years after the grant agreement is executed and DOT obligates the funds, which is the budget period end date in section 10.3 of the Terms and Conditions and section [wherever the date it is in this agreement].
- 6.2** The Recipient acknowledges that the **Supplemental Action Plan** will be made publicly available, and the Recipient agrees that it will publish the final **Supplemental Action Plan** on a publicly available website.
- 6.3** The Recipient demonstrates compliance with civil rights obligations and nondiscrimination laws, including Titles VI of the Civil Rights Act of 1964, the Americans with Disabilities Act (ADA), and Section 504 of the Rehabilitation Act, and accompanying regulations. Recipients of Federal transportation funding will also be required to comply fully with regulations and guidance for the ADA, Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, and all other civil rights requirements.
- 6.4** **The following five (5) activities which will be accomplished with this award:**
- **Speed Management (Stakeholder engagement and collaboration)**
 - **ADA Transition (Expansion of Recipient's ability to conduct ADA audits)**
 - **Lighting Management (Development of a citywide plan)**
 - **High Risk Impaired Drivers (Taking actions on recommendations from previously completed High-Risk Impaired Driver Action Plan)**
 - **Road Safety Audits (Will be performed to evaluate high priority, high-risk roadways)**

A completion schedule, per individual activity, will be developed, monitored, and reported in each SS4A Quarterly Status Report. For any activity that is behind schedule, the reasons for and remedy taken will be specified in the Quarterly Status Reports.

6.5 There are no other special grant requirements for this **award**.

RACIAL EQUITY AND BARRIERS TO OPPORTUNITY

1. Efforts to Improve Racial Equity and Reduce Barriers to Opportunity.

The Recipient states that rows marked with “X” in the following table are accurate:

X	A racial equity impact analysis has been completed for the Project. <i>(Identify a report on that analysis or, if no report was produced, describe the analysis and its results in the supporting narrative below.)</i>
X	The Recipient or a project partner has adopted an equity and inclusion program/plan or has otherwise instituted equity-focused policies related to project procurement, material sourcing, construction, inspection, hiring, or other activities designed to ensure racial equity in the overall delivery and implementation of the Project. <i>(Identify the relevant programs, plans, or policies in the supporting narrative below.)</i>
	The Project includes physical-barrier-mitigating land bridges, caps, lids, linear parks, and multimodal mobility investments that either redress past barriers to opportunity or that proactively create new connections and opportunities for underserved communities that are underserved by transportation. <i>(Identify the relevant investments in the supporting narrative below.)</i>
	The Project includes new or improved walking, biking, and rolling access for individuals with disabilities, especially access that reverses the disproportional impacts of crashes on people of color and mitigates neighborhood bifurcation. <i>(Identify the new or improved access in the supporting narrative below.)</i>
	The Project includes new or improved freight access to underserved communities to increase access to goods and job opportunities for those underserved communities. <i>(Identify the new or improved access in the supporting narrative below.)</i>
X	The Recipient has taken other actions related to the Project to improve racial equity and reduce barriers to opportunity, as described in the supporting narrative below.
	The Recipient has not yet taken actions related to the Project to improve racial equity and reduce barriers to opportunity but, before beginning construction of the project, will take relevant actions described in the supporting narrative below Attachment A. <i>(Identify the relevant actions from Attachment A in the supporting narrative below.)</i>
	The Recipient has not taken actions related to the Project to improve racial equity and reduce barriers to opportunity and will not take those actions under this award.

2. Supporting Narrative.

SS4A used USDOT guidance to determine the focus and scope of the SS4A Implementation Grant request. Path to Equity Policy Document was adopted by the City of Richmond in May 2022. The Office of Minority Business Development is active and facilitates, produces, and advances opportunities for minority business enterprises (MBEs), emerging small businesses (ESBs), and disadvantaged business

enterprises (DBEs) to successfully participate in the full array of contracting opportunities available in the City of Richmond. The Richmond Connects multimodal transportation plan as well as the adopted Vision Zero Action Plan use the Path to Equity as its policy guide.
