THE SALVATION ARMY GRANT CONTRACT

THIS GRANT CONTRACT is made this ____ day of ____, 2023 between the City of Richmond, a municipal corporation and political subdivision of the Commonwealth of Virginia (the "City"), and The Salvation Army, a Georgia non-stock corporation, authorized to transact business in the Commonwealth of Virginia (the "Recipient").

STATEMENT OF PURPOSE

- A. Section 15.2-953(A) Code of Virginia authorizes the City to make gifts and donations to any charitable institution or association, located within their respective limits or outside their limits if such institutions or association provides services to residents of the locality.
- B. By Ordinance No. 2021-291 adopted October 25, 2021, the City Council of the City of Richmond accepted and appropriated the City's first tranche of Coronavirus State and Local Fiscal Recovery Funds established under the American Rescue Plan Act of 2021 ("ARPA").
- C. The Center for Hunger-Free Communities (the "Center") is a community-engaged research and policy center in Drexel University's Dornsife School of Public Health focused on developing innovative, empirically tested solutions to the challenges of hunger and economic insecurity. - D. The Center's peer-reviewed research and strenuous evaluation of the Network demonstrate statistically significant improvements in participant employment, income, and food and housing security over 12 months. Simultaneously, the Network shows improved overall physical health and markedly reduced depression systems. Additionally, Network members with more reported adverse childhood experiences (ACEs) have more significant outcomes than those with a less traumatic childhood.

<p><i>Systemic racism in Richmond has taken an enormous toll on the health of Black residents for generations and persists in countless ways today. The Center on Society and Health at VCU found that residents of low-income Black communities in the East End of Richmond have a life expectancy that is 20 years shorter on average than White residents in wealthy West End neighborhoods. Recent data also shows that Black residents of Richmond accounted for 62% of the city's COVID-19 cases, though they make up only 47% of the city's population.</i></p> <p><i>These health disparities are primarily caused by the social determinants of health: the underlying conditions that determine a person's ability to be healthy and well, such as safe housing and neighborhoods, education and job opportunities, healthcare access and quality, and systemic and overt racism. The Health Equity Trust Fund will invest in efforts to dismantle the systems that help racism, trauma, and health disparities to persist.</i></p>
