O & R Request

DATE: May 30, 2023

(This is no way reflects a recommendation on behalf of the Mayor.)

RE: To authorize the special use of the property known as 411 Brook Road, for the purpose of a two-family dwelling, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 411 Brook Road, for the purpose of a two-family dwelling, upon certain terms and conditions.

REASON: The applicant is requesting a Special Use Permit to authorize two dwelling units, within an RO-2 - Residential-Office District. While the two-family dwelling is permitted by the underlying RO-2 - Residential-Office zoning district, some of the applicable feature requirements cannot be met. A Special Use Permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council.

BACKGROUND: The property is in the RO-2 - Residential-Office District. The City's Richmond 300 Master Plan designates a future land use for the subject property as Neighborhood Mixed-Use, which is defined as an "Existing or new highly-walkable urban neighborhoods that are predominantly residential with a small, but critical, percentage of parcels providing retail, office, personal service, and institutional uses."

Intensity: Building heights are generally two to four stories. Buildings taller than four stories may be found along major streets. Parcels are generally between 1,500 and 5,000 sq. ft.

The current zoning for this property is RO-2 - Residential-Office District. All adjacent and nearby properties are located primarily within the same RO-2 - Residential-Office District. The area is generally single-family attached residential and commercial properties.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.

BUDGET AMENDMENT NECESSARY: No

REVENUE TO CITY: \$300 application fee

The current use of this two-story row house is as a residential property. If it were to remain single residential [two-story] unit, we would target 3 to 4 bedrooms.

The proposed use of this two-story row house is as two residential properties, one one-bedroom unit upstairs and one studio unit downstairs.

With respect to the specific concerns outlined in the Special Use Permit Application:

- a) I do not see how changing a single 3 to 4 bedroom unit to the proposed two units would have any effect on the safety, health, morals, or general welfare of the community.
- b) I would expect the congestion in streets, roads, alleys, and other public ways to be similar when comparing the single 3 to 4 bedroom unit scenario vs. the two units scenario.
- c) If we convert to two units, we would have to improve the fire protection between the floors (the property as it now stands has exposed wood joists in the first floor ceiling)...so fire hazards would likely be decreased if we convert to two units.
- d) Again, as stated in b), above: I would expect the population to be comparable between the single 3 to 4 bedroom unit and the two unit configuration.
- e) Because the number of residents would be similar either way, I do not anticipate any adverse impact to sewage, disposal, or other public services.
- f) I do not see any interference with adequate light and air in the two unit configuration.
