

INTRODUCED: July 24, 2023

AN ORDINANCE No. 2023-225

To authorize the special use of the property known as 1120 West Clay Street for the purpose of a commercial building containing permitted principal uses on corner lots on all floors of the building, upon certain terms and conditions.

Patron – Mayor Stoney (By Request)

Approved as to form and legality
by the City Attorney

PUBLIC HEARING: SEPT 11 2023 AT 6 P.M.

WHEREAS, the owner of the property known as 1120 West Clay Street, which is situated in a R-63 Multifamily Urban Residential District, desires to use such property for the purpose of a commercial building containing permitted principal uses on corner lots on all floors of the building, which use, among other things, is not currently allowed by section 30-419.3(b), concerning permitted principal uses on corner lots, of the Code of the City of Richmond (2020), as amended; and

WHEREAS, in accordance with section 17.11 of the Charter of the City of Richmond (2020), as amended, it has been made to appear that, if granted subject to the terms and conditions set forth in this ordinance, the special use granted by this ordinance will not be detrimental to the

AYES: 8 NOES: 0 ABSTAIN: _____

ADOPTED: SEP 11 2023 REJECTED: _____ STRICKEN: _____

safety, health, morals and general welfare of the community involved, will not tend to create congestion in streets, roads, alleys and other public ways and places in the area involved, will not create hazards from fire, panic or other dangers, will not tend to overcrowding of land and cause an undue concentration of population, will not adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences and improvements, and will not interfere with adequate light and air; and

WHEREAS, (i) the City Planning Commission has conducted a public hearing to investigate the circumstances and conditions upon which the Council is empowered to authorize such use, (ii) the City Planning Commission has reported to the Council the results of such public hearing and investigation and its recommendations with respect thereto, and (iii) the Council has conducted a public hearing on this ordinance at which the person in interest and all other persons have had an opportunity to be heard;

NOW, THEREFORE,

THE CITY OF RICHMOND HEREBY ORDAINS:

§ 1. **Finding.** Pursuant to section 30-1050.1 of the Code of the City of Richmond (2020), as amended, the Council hereby finds that the special use set forth in and subject to the terms and conditions of this ordinance will not (i) be detrimental to the safety, health, morals and general welfare of the community involved, (ii) tend to create congestion in streets, roads, alleys and other public ways and places in the area involved, (iii) create hazards from fire, panic or other dangers, (iv) tend to overcrowding of land and cause an undue concentration of population, (v) adversely affect or interfere with public or private schools, parks, playgrounds, water supplies,

sewage disposal, transportation or other public requirements, conveniences and improvements, or (vi) interfere with adequate light and air.

§ 2. Grant of Special Use Permit.

(a) Subject to the terms and conditions set forth in this ordinance, the property known as 1120 West Clay Street and identified as Tax Parcel No. N000-0467/024 in the 2023 records of the City Assessor, being more particularly shown on a survey entitled “Clay Street Station, 1120 W. Clay Street, Richmond, Virginia, Existing Conditions Topographical Survey,” prepared by vhb, and dated September 24, 2021, a copy of which is attached to and made a part of this ordinance, hereinafter referred to as “the Property,” is hereby permitted to be used for the purpose of a commercial building containing permitted principal uses on corner lots on all floors of the building, hereinafter referred to as “the Special Use,” substantially as shown on the plans entitled “Clay Street Station, 1120 West Clay Street, Richmond,” prepared by vhb, and dated January 11, 2023, and “Special Use Permit Application,” prepared by ArchitectureFirm, and dated October 10, 2022, hereinafter referred to, collectively, as “the Plans,” copies of which are attached to and made a part of this ordinance.

(b) The adoption of this ordinance shall constitute the issuance of a special use permit for the Property. The special use permit shall inure to the benefit of the owner or owners of the fee simple title to the Property as of the date on which this ordinance is adopted and their successors in fee simple title, all of which are hereinafter referred to as “the Owner.” The conditions contained in this ordinance shall be binding on the Owner.

§ 3. Special Terms and Conditions. This special use permit is conditioned on the following special terms and conditions:

(a) The Special Use of the Property shall be as a commercial building containing permitted principal uses on corner lots on all floors of the building, substantially as shown on the Plans.

(b) No off-street parking shall be provided for the Special Use.

(c) The height of the Special Use shall not exceed three stories, substantially as shown on the Plans.

(d) All building materials, elevations, and site improvements shall be substantially as shown on the Plans.

(e) All mechanical equipment serving the Property shall be located or screened so as not to be visible from any public right-of-way.

(f) The Special Use shall be operated within the hours of 7:00 a.m. to 11:00 p.m., Monday through Sunday.

(g) The food hall shall operate under section 30-419.3(5) of the Code of the City of Richmond (2020), as amended.

§ 4. **Supplemental Terms and Conditions.** This special use permit is conditioned on the following supplemental terms and conditions:

(a) All required final grading and drainage plans, together with all easements made necessary by such plans, must be approved by the Director of Public Utilities prior to the issuance of the building permit.

(b) Storm or surface water shall not be allowed to accumulate on the land. The Owner, at its sole cost and expense, shall provide and maintain at all times adequate facilities for the drainage of storm or surface water from the Property so as not to adversely affect or damage any other property or public streets and the use thereof.

(c) Facilities for the collection of refuse shall be provided in accordance with the requirements of the Director of Public Works. Such facilities shall be located or screened so as not to be visible from adjacent properties and public streets.

(d) Any encroachments existing, proposed on the Plans or contemplated in the future shall require separate authorization and shall be subject to the applicable provisions of the Code of the City of Richmond (2020), as amended, and all future amendments to such laws.

(e) The Owner shall make improvements within the right-of-way, including new brick pavers, a bicycle rack, and three street trees, substantially as shown on the Plans, which improvements may be completed in one or more phases as approved by the Director of Public Works. All improvements and work within the public right-of-way shall be (i) completed in accordance with the requirements of the Director of Public Works, (ii) considered completed only upon written confirmation by the Director of Public Works that such improvements and work are in accordance with such requirements, (iii) transferred to the City, following the written confirmation by the Director of Public Works, pursuant to a transfer of interest document approved as to form by the City Attorney and accepted by the Chief Administrative Officer or the designee thereof on behalf of the City. The Chief Administrative Officer or the designee thereof, for and on behalf of the City, is hereby authorized to accept, in the manner for which this subsection provides, all improvements and work required by and meeting the requirements of this subsection. The final certificate of occupancy shall not be issued for the Property until all requirements of this subsection are fully satisfied.

(f) In all other respects, the use of the Property shall be in accordance with the applicable underlying zoning regulations.

§ 5. **General Terms and Conditions.** This special use permit is conditioned on the following general terms and conditions:

(a) No permit implementing this special use permit shall be approved until satisfactory evidence has been presented to the Zoning Administrator that any delinquent real estate taxes applicable to the Property have been paid.

(b) The Owner shall be bound by, shall observe and shall comply with all other laws, ordinances, rules and regulations applicable to the Property, except as otherwise expressly provided in this ordinance.

(c) Words and phrases used in this ordinance shall be interpreted to have the meanings ascribed to them by section 30-1220 of the Code of the City of Richmond (2020), as amended, unless the context clearly indicates that a different meaning is intended.

(d) Notwithstanding any other provision of law, this special use permit is being approved due, in part, to the mitigating effects of each and every condition attached hereto; consequently, if any portion of this ordinance is determined to be invalid for any reason by a final, non-appealable order of any Virginia or federal court of competent jurisdiction, the invalidity shall cause the entire ordinance to be void and of no further effect from the effective date of such order.

(e) The privileges granted by this ordinance may be revoked pursuant to the provisions of sections 30-1050.7 through 30-1050.11 of the Code of the City of Richmond (2020), as amended, and all future amendments to such laws. Failure to comply with the terms and conditions of this ordinance shall constitute a violation of section 30-1080 of the Code of the City of Richmond (2020), as amended, and all future amendments to such law, or any other applicable laws or regulations.

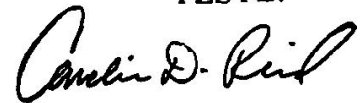

(f) When the privileges granted by this ordinance terminate and the special use permit granted hereby becomes null and void, whether as a result of the Owner relinquishing this special use permit in a writing addressed to the Director of Planning and Development Review or otherwise, use of the Property shall be governed thereafter by the zoning regulations prescribed for the district in which the Property is then situated.

§ 6. **Implementation.** The Commissioner of Buildings is authorized to issue a building permit substantially in accordance with the Plans for the Special Use subject to the terms and conditions set forth in this ordinance. An application for the building permit shall be made within 730 calendar days following the date on which this ordinance becomes effective. If either the application for the building permit is not made within the time period stated in the previous sentence or the building permit terminates under any provision of the Virginia Statewide Building Code, this ordinance and the special use permit granted hereby shall terminate and become null and void.

§ 7. **Effective Date.** This ordinance shall be in force and effect upon adoption.

Title

To authorize the special use of the property known as 1120 West Clay Street, for the purpose of a commercial building, upon certain terms and conditions.

Body

O & R Request

DATE: March 8, 2023

EDITION: 1

TO: The Honorable Members of City Council

THROUGH: The Honorable Levar M. Stoney, Mayor (Mayor, by Request)
(This in no way reflects a recommendation on behalf of the Mayor.)

THROUGH: J.E. Lincoln Saunders, Chief Administrative Officer

THROUGH: Sharon L. Ebert, Deputy Chief Administrative Officer for Economic
Development and Planning

FROM: Kevin J. Vonck, Director, Department of Planning and Development Review

RE: To authorize the special use of the property known as 1120 West Clay Street, for the
purpose of a commercial building, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 1120 West Clay Street, for the
purpose of a commercial building, upon certain terms and conditions.

REASON: The applicant is requesting a Special Use Permit to authorize a commercial building. The
proposed uses do not meet all current requirements for principal uses on corner lots within the R-63
Multifamily Urban Residential District. Specifically, the proposed use seeks to use commercial uses
above the ground floor, seeks to exceed maximum square footage of commercial floor area, and seeks
to exceed the commercial street frontage allowed along a single block. A Special Use Permit is
therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning
Ordinance, the City Planning Commission will review this request and make a recommendation to City
Council.

BACKGROUND: The property is located in the Carver neighborhood on West Clay Street between
North Harrison and North Hancock Streets. The property is currently a 17,600 sq. ft. (.40 acre)
parcel of land.

The City's Richmond 300 Master Plan designates a future land use for the subject property as Neighborhood Mixed Use, which is defined as "Existing or new highly walkable urban neighborhoods that are predominantly residential with a small, but critical, percentage of parcels providing retail, office, personal service, and institutional uses."

Intensity: Building heights are generally two to four stories. Buildings taller than four stories may be found along major streets. Parcels are generally between 1,500 and 5,000 sq. ft. Primary Uses: Single family houses, accessory dwelling units, duplexes, small multi family buildings (typically 3-10 units), and open space. Secondary Uses: Large multifamily buildings (10+units), retail/office/personal service, institutional, cultural, and government. (p. 56)

The current zoning for this property is R-63 Multifamily Urban Residential District. Adjacent properties to the South and West are located within the same R 63 Residential Zone. However, immediately adjacent to the North and West, the properties are largely R-8 Urban Residential District. The area is primarily single and multifamily residential, with some small, neighborhood commercial uses present in the vicinity. The immediate area also contains a significant volume of academic uses from Virginia Commonwealth University.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.

BUDGET AMENDMENT NECESSARY: No

REVENUE TO CITY: \$2,400 application fee

DESIRED EFFECTIVE DATE: Upon adoption

REQUESTED INTRODUCTION DATE: April 10, 2023

CITY COUNCIL PUBLIC HEARING DATE: May 8, 2023

APPLICANT'S REPORT

Carver Station

Project Description

Located in Richmond's Carver Industrial Historic District, "Carver Station" is planned as a community hub, promoting innovative local food and micro-retail with cowork and "third-place" gathering spots.

Project features will include the restoration and adaptive reuse of the 1910 Virginia Railway and Power Company substation (5,000 s.f.), a food hall of 'original-to-richmond' food concepts and micro-retail center featuring local makers (10,000 s.f.), and a cowork center for small and emerging businesses (15,000 s.f.).

Project History

In 2019, the Carver Area Civic Improvement League approached applicant **Future Cities** with the challenge of how best to preserve and re-purpose a decommissioned Dominion Energy substation located at the center of their community. The substation, built in 1910, was noteworthy as one of 13 structures that made up the Historic Carver Industrial District. It was also the only building of that group not adapted to a residential use.

Through conversations with local area businesses and residents, the project evolved from simply an adaptive reuse project to include elements that would be complementary in both program and design: a community gathering place, a food hall, micro retail and co-workspaces. These additional uses could be created from up-cycled maritime shipping containers.

The historic substation was built in 1910 by the **Virginia Railway and Power Company** as a power substation. It stored motor-generators and switching equipment that was used to power Richmond's internationally recognized electric streetcar program.

The building, later known simply as the West Substation, featured an exterior designed to be compatible with the other industrial district buildings of the area and characterized by seven-course American-bond brickwork, wide door and window openings with rock-faced granite lintels and smooth granite sills, which will all be respected and preserved in the improvements.

Nature of Carver Station Businesses

There are four categories of operations within the Carver Station project, each with their own semi-independent business structure:

1. **The Restored Historic Substation** will be repositioned as a small plate restaurant bar/ / lounge during after-hours operations, from 5:00pm to closing, and during daytime hours as a co-workspace. An operator has not yet been selected, but it is assumed the number of employees, hours of operation, and other features will be typical to similar food venues in the general area.

2. **The Food Hall** will feature approximately ten food stalls made from 8' x 20' shipping containers to be independently staffed and operated. It is assumed that there will be 2-3 employees per stall, plus a staff of 6-10 general employees hired by the landlord who will be working in the common area to assist the independent operators. Hours of operation are yet to be determined but will be consistent with hours typical to food halls – approximately 7:00am to 9:00pm.
3. **Retail** will be similar to food hall stations in that they are created from shipping containers, offering specialty retail goods, preferably local maker products. Approximately 12 retail stations will be staffed with 1 or 2 persons per unit. Hours of operation will be approximately from 11:00am – 9:00pm, or as determined by tenants
4. **Office and Co-work Areas** will also be developed based on shipping container modules. Approximately 30 office pods will use some, or all, of a shipping container volume, with another 24 'dedicated desk' spaces as well as space for 'members' to sit and work, similar to other area co-work programs. Hours of operation will be based on normal business hours for similar uses but may offer 24-hour access.

Compatibility to the Surrounding Area

The site and substation are part of the Carver Historic Industrial District, which predates most of the surrounding residential uses, and is consistent with the height, form and street engagement of the surrounding area.

Appropriate use of the Site

The project is being developed with the encouragement of the **Carver Area Civic Improvement League** (CACIL) who invited the applicant to develop the project, and who fully support this use.

The proposed Special Use will not:

- a. ***Be detrimental to the safety, health, morals, and general welfare of the community.*** The proposed project will create greater safety by developing a currently vacant site, as well as promote greater diversity and community engagement to an area that is now dominated by rental residential and student housing. 'Carver Station' will offer a community 'living room' to an area that desires more commercial choices and fewer new residential projects to promote better community balance.
- b. ***Create congestion in streets, roads, alleys and public ways and places.*** The project will provide greater local choices for Carver residents, allowing them to walk to work, to food choices, and to other community gatherings. Increased pedestrian and bicycle traffic will occur but to a degree that will give the community a more desired energy and provide greater community safety by putting more people into healthier public settings.
- c. ***Create Hazards from fire, panic, or other dangers.*** The project will provide an historical site upgrade, and modern architectural intervention into what is now a public eyesore and often-graffitied nuisance site.
- d. ***Tend to cause overcrowding of land and an undue concentration of population;*** The project sits on less than ½ acre and is expected to attract a population consistent with its intended uses similar to other restaurant and office uses in the area. Today, this site is vacant and currently attracts only vandalism and graffiti.

- e. ***Adversely affect or interfere with public or private schools, parks, playgrounds, water supplies, sewage disposal, transportation or other public requirements, conveniences, and improvements.*** The project will have no impact on the operation of the nearby Carver Elementary school. RPS Board member Mariah White has attended community presentations of the project and has expressed support. No parks or playgrounds are affected. The project is being designed to capture and process rainwater as the primary source of potable water and will also feature a bio-digester to process organic waste from food waste sources.
- f. ***Interfere with adequate light and air.*** The project will maintain the historic height of the existing structure and will create no new additional natural light interference on adjacent properties.
