I am a passionate parks lover living in Richmond for the past two years. While I am still getting to know the city, I have dedicated time to serving my community and am also dedicated to continuing to support the great places across Richmond. I currently work as the Sustainability Division Director for Henrico County. A big part of my job entails preservation of open spaces and the natural environment, including tree canopy and park spaces. Prior to working for Henrico County, I worked for the Fairfax County Park Authority for 8 years where I oversaw all of the park planning functions and also real estate management for +420 parks across +23,000 acres. I have an acute understanding of the passion that community members have for parks and treasure these community assets.

Other Community Involvement:

I have also canvassed for multiple local political candidates and during college I created advertising for some local companies.

(OPTIONAL) Please List Additional Information You Would Like Considered, or You May Copy and Paste Your Short Resume.

I have been using the bus system in Richmond for many years. I find it enjoyable to try out different routes and use them as a starting point to explore various neighborhoods by walking or biking. Richmond is a great city, and the bus system is a convenient and accessible way to get around. Doing this I have come to see the great importance of a system of transportation not centered around the car. My mission, if accepted onto this commission would be to advocate for and to try and create a new vision of Richmond that is a safe and easily accessible environment for all Richmonders and their modes of transit. Countless studies done around the world and real-life city examples show a walkable, bikeable, and transit-oriented street grid is outrageously better for the health of the general populous. It also brings decreases in road deaths, decreases in pollution, decreases in noise pollution, and just overall creates better outcomes on every level. I want to encourage this in any way I can and getting to be on this board I think could be a great opportunity for activism on my part. While not currently residing in Richmond I plan to move back in the early summer of this year and will be trying to get involved much more in local community activities.

How Did You Hear About or Who Referred You to Apply for Appointment to This Authority, Board, Commission or Task Force?

I found it while searching for local government opportunities on the Richmond city website.
