Dear Ms. Oliver

I am writing to express my support for the SUP request at 1513 n 22nd Street. As a neighbor and advocate for responsible urban development, I believe that this proposed project aligns with the principles outlined in the Richmond 300 Master Plan and will contribute positively to our community.

The proposed single-family detached home is compatible with the existing homes and would contribute positively to the vibrancy of the neighborhood. Moreover, it would enhance the housing stock in our city and provide an attractive living option for individuals and families seeking to make Richmond their home.

In conclusion, I urge you to carefully consider the merits of the special use permit application and to support its approval.

Thank you for your attention to this matter.

Sincerely,

Aaron Bacote
