From: Land Use Administration
Date: February 6, 2017

PETITIONER

H. L. Salomonsky
1553 E. Main Street
Richmond, VA 23219

LOCATION

2801 East Main Street

PURPOSE

To conditionally rezone the property known as 2801 East Main Street from M-1 Light Industrial District to the B-5C Central Business District (Conditional), upon certain proffered conditions.

SUMMARY & RECOMMENDATION

The subject property at 2801 East Main Street consists of 0.746-acre parcel, located on the block bounded by East Main Street to the north and east, railroad tracks to the south, and Peach Street to the east. The property is occupied by a small one-story building and surface parking. Libby Hill Park is located across East Main Street from the subject property.

The request is to conditionally rezone the property for the future construction of a multi-family development. The existing zoning designation as M-1 Light Industrial does not allow for residential uses. The property is adjacent to much of Tobacco Row, which the bulk of is zoned B-5, including the property immediately to the east, 2823 East Main Street. The proposed multi-family use is permitted in the B-5 District.

The applicant has proffered the following items to further enhance the future development of the site:

1. There shall be a minimum of one parking space per apartment.
2. The predominate exterior of the building shall be glass and brick.
3. There shall be a minimum of one window per apartment.

The Richmond Master Plan designates this property as Mixed-Use. "Primary uses include combinations of office, retail, personal service, general commercial and service uses and, in some

cases, multi-family residential and dwelling units above ground floor commercial. Typical zoning classifications that may accommodate this land use category are B-5 and UB (p. 134).”

The subject property was inadvertently omitted from the October 2008 version of the Richmond Downtown Plan, but was subsequently included in the Urban Center Area of the Downtown Character Map as part of the July 2009 amendment to the Richmond Downtown Plan. As such, the foundational elements of the Downtown Plan apply to the subject property, as do the guiding principles of the Urban Center character area. Though the subject property was not included within the bounds of in the Shockoe focus area, the recommendations for the focus area can still inform decisions, since the property is adjacent to the Shockoe Bottom area and an influencing component of the area. With the exception of Libby Hill Park to the north, the subject property is surrounded on three sides by the Shockoe focus area and fronts on Main Street, a main thoroughfare for Shockoe Bottom. Moreover, the subject property sits at the terminus of Cary Street and the buildings comprising Tobacco Row.

In addition, the Master Plan states, “It is anticipated that Shockoe Bottom will continue to evolve as a significant mixed-use District. Renewed interest in Downtown living, spurred by the successful rehabilitation for residential use of a number of industrial buildings in Shockoe Bottom, will most likely continue in key sections of Shockoe Bottom (p. 163).”

Staff finds that the proposed rezoning is consistent with Master Plan’s Mixed-Use recommendation and is consistent with the Plan’s language regarding renewed interest in Downtown living. In addition, the proposed use would be compatible with the surrounding general commercial uses.

Therefore, staff recommends approval of the rezoning to B-5C Central Business District (Conditional).
