Application For Certificate of Appropriateness

Building (800 N. 21st Street) was purchased June 2002 with boarded windows on basement and 1st floor . All 1st windows with access from interior of property were made functional by owners in 2002. 4th window from rear of building had no access from interior so window remained boarded through October 2015.

Over time wood used to board inaccessible window began to deteriorate. Decision was made by owners to remove wooden plywood board and replace wooden plywood with brick of same quality and size as buildings original brick. Owners were not aware of necessity to apply with CAR until receiving notice attached to front door.

Similar size and color period bricks were purchased by owner from Riverside Brick and Supply, 1900 Roseneath Rd. The bricks were installed by brickmason in October 2015.

Please see attached photo's.
