Dear Matthew,

Bob and I are residents of the Villas of Archer Springs. We were the first house to close in the development on September 18, 2015. We have seen the plans for the re foresting of the development and are looking forward to the addition of the proposed plantings. We are hoping the city will approve this plan so our neighborhood can continue to grow. We are sorry we could not attend the planning meeting to show our support but we will be out of town.

Sincerely,

**Bob and Diane Baughan
3310 Archer Springs Terrace**
