Dear Mr. Ebinger:

This email is in support of the special use permit for the properties on 30th Street (3001, 3005, and 3009) and 621 and 623 M Street in the East End that will be considered today by the Planning Commission. The Church Hill Association did not have the opportunity to officially review this project. However, several residents have informally reviewed this request and support this as an enhancement to the area, with three single homes and restoration of an historic building on 30th.

Regards,

Barbara Cotter

Church Hill resident
