ORDINANCE/RESOLUTION SUMMARY

The patrons request a resolution to request that the Chief Administrative Officer cause the Director of the Department of Budget and Strategic Planning to undertake a review of the FY21 budget for the Richmond Police Department. This review shall:

- Identify activities currently performed by the Richmond Police Department that relate to mental health, substance abuse, and such other activities that do not directly relate to the law enforcement aspects of police work,
- Provide recommendations on reallocation of funding from the Richmond Police Department's budget to:
 - Mental health programs,
 - Substance abuse programs, and
 - Other relevant support programs,that may be operated by the City of Richmond, or community organizations,
- Address both the General Fund, and Special Fund Budgets,

- Provide one or more opportunities for public input,
- Provide a report on such findings and recommendations as may be appropriate to the Mayor, and Richmond City Council no later than October 1, 2020.

BACKGROUND

Summary:

- The death of George Floyd has resulted in increased calls for reallocation of funding from the police department to other government agencies, or community programs.
- Such calls for reallocation of police resources have come to be grouped under the rubric of "Defund the police".
- As noted by the Brookings Institution "Defund" does not mean abolish policing.
- The patrons believe that the transfer of certain activities that are not directly related to law enforcement may be better provided by other city departments, or community organizations, and that such transfers may reduce the potential for injury and death.
