RE: Appropriation of Prior Year Assigned Balance of Building Department Revenue

ORD. OR RES. No. _____

PURPOSE: To amend Ordinance 2020-049, adopted May 11, 2020, General Fund budget by appropriating \$656,995 in prior year assigned fund balance of unspent building department revenue to the FY2021 Planning Development & Review (PDR) general fund budget.

REASON: House Bill 1966 (HB 1966) mandates that fees levied per §36-105 of the Code of Virginia shall be used to support the functions of the local building department. The appropriation of \$656,995 that was assigned for this purpose in the City's FY2020 Comprehensive Annual Financial Report (CAFR) will help to ensure the efficient and effective delivery of services in the Permits and Inspections Division (P&I). The funding will be available to Permits and Inspections as an additional resource to meet the development community's expectations and to comply with this legislation as follows:

\$150,000	0100-00502-73104-SV2007	Bank Fees to cover credit card charges
\$200,000	0100-00502-60000-SV2007	Fulltime Permanent Positions
\$100,000	0100-00502-70552-SV2007	Temporary Personnel Services
\$130,000	0100-00502-70161-SV2007	Management Services
\$6,995	0100-00502-71011-SV2007	Uniforms & Safety Supplies
\$20,000	0100-00502-80007-SV8007	Vehicle Expense (Purchase)
\$50,000	0100-00504-70123-SV2004	Construction Services for demolition and board- ing

RECOMMENDATION: The City Administration recommends adoption.

BACKGROUND:

The assignment of \$656,995 from FY2020 General Fund was affirmed via Ordinance 2020-049, and is reflected on page 63 of the City's FY2020 CAFR. These funds will supplement PDR's modified budget of \$10,891,674 for FY2021. The current modified appropriation for P&I (00502) is \$3,981,480. The allocation to P&I is \$606,995. The new appropriation for P&I will be \$4,588,475. The current modified appropriation for Property Maintenance Code Enforcement (PMCE) is \$3,394,112. The allocation to PMCE (00504) is \$50,000. The new appropriation for PMCE is \$3,444,112.

Once appropriated these funds will be transferred to PDR's General Fund budget. Over the past 10 years the development and construction community's expectations regarding expedient permitting, plan review and inspection services have not been met due the rapid increase and demand for these services as the City of Richmond has grown. Both locally and across the commonwealth contractors pursued assistance from legislators for solutions to this problem. As a result, in March of 2019 the General Assembly of Virginia amended and reenacted code 36-105 via HB 1966 which requires any fees that are levied by a local governing body in order to defray the cost of Building Code enforcement and appeals, with the exception of the levy imposed for the support of training programs of the Building Code Academy, be used only to support the functions of the local building department. "Local building department" means the agency or agencies of any local governing body charged with the administration, supervision, or enforcement of the Building Code and regulations, approval of plans, inspection of buildings, or issuance of permits, licenses, certificates or similar documents.
