RE: Exceptions Request – Final Subdivision, 3131 Kensington Avenue (W000-1411/024)

Dear Mr. Ebinger,

BKM, LLC, the owner of the property located at 3131 Kensington Avenue, requests an exception from Section 25-219 of the Subdivision Ordinance. Section 25-219 requires that lots in dwelling districts established by or pursuant to Chapter 30 shall have an average depth of not less than 100 feet. Two of the five proposed lots would not meet this requirement.

The proposed subdivision is consistent with the previously adopted Special Use Permit (SUP) for this development, Ordinance No. 2020-181, which was adopted September 14, 2020. The SUP requires substantial compliance with the plans attached thereto, which reflect this same lot pattern. The approved development plan was found to meet the requirements of Section 17.11 of the Charter of The City of Richmond relative to the approval of special use permits.

The development authorized by the SUP recognized a unique circumstance whereby an appropriate development plan in this context will not meet the lot depth requirement contained in the subdivision ordinance. Required substantial compliance with that approval warrants the approval of a variation. This request is unique to this property and does not represent a special privilege or convenience that is being sought by the owner/developer.

Thank you in advance for forwarding this request to the Planning Commission. Please feel free to call me at (804) 363-9177 or to email me at chris.blake@robinmillerassociates.com should you have any questions.

Sincerely,

Christopher F. Blake
