Winston –

Thank you for providing this additional and clarifying information on this project. We are also grateful to you and your team for taking the time to meet with us and explain the details of the project and the limits of disturbance. I am copying Matthew Ebinger in the City Planning Department to let him know that we have no objection to proposed Ord 2021-159 relating to the project.

Thank you!

Cyane

Importance: High

[EXTERNAL]

Good morning Ms. Crump –

As we discussed, attached is further documentation of the intended fee take and impacts at the John Woodward house on the E. Main/Williamsburg Intersection project. Included for your review is a display and letter outlining our intent.

This project is planned to go before the Planning Commission on Monday July 19th. I am hopeful these documents will assist in obtaining your concurrence. If you need additional clarification please let me know.

Thank you for reaching out to the City on this important transportation improvement project.

Winston D. Phillips, PMP
