§ 2. That Chapter 30, Article IV, Division 21 of the Code of the City of Richmond (2015) be and is hereby amended and reordained by **adding therein new** sections numbered 30-438 and 30-438.6 as follows:

Sec. 30-438. Intent of district.

Originally intended to provide space for auto-oriented uses, the B-3 General Business District shaped the character of the corridors on the south side and other areas of Richmond by encouraging high-frequency, high-speed, regional traffic-generators that have separated one residential neighborhood from another, detracting from the development of community identity. The B-3 General Business District has been amended with the aim of improving aesthetics and walkability by reducing parking minimums, increasing screening requirements, adding uses to provide services to nearby residents in an effort to encourage more cohesive community fabric, and mitigating the impact of auto-oriented uses on adjacent residential neighborhoods. The amendments were intended to gradually improve the character and livability of those corridors, while still providing space for businesses to provide services.

Sec. 30-438.6. Parking and circulation of vehicles.

(a) *Location of parking and circulation areas.* Areas devoted to the parking or circulation of vehicles shall not be located between the main building on a lot and the street line and such areas shall not be located closer to the street than the main building on the lot. On a lot having more than one street frontage, this subsection shall apply to the principal street frontage, as the term “principal street frontage” is defined in section 30-1220.86.

(b) *Driveways from street.* No driveway intersection on a street that constitutes the principal street frontage of a lot shall be permitted when other street frontage or alley access is available to serve the lot. For purposes of this subsection, principal street frontage means “principal street frontage” as defined in section 30-1220.86.

(c) *Improvement requirements and landscaping standards.* In addition to subsections (a) and (b) of this section, parking areas and parking lots shall be subject to the applicable improvement requirements and landscaping standards set forth in Article VII, Division 2.1 of this Chapter.

§ 3. That Chapter 30, Article XII of the Code of the City of Richmond (2015) be and is hereby amended and reordained by **adding therein new** sections numbered 30-1220.15:1 and 30-1220.84:1 as follows:
