RE: To amend and reordain Ordinance No. 2016-261, adopted November 16, 2016, which authorized the special use of a portion of the property known as 1407 Cummings Drive for the purpose of a residential use with up to 40 units accessory to a vocational school and other permitted principal uses on the property, to authorize additional multifamily dwelling units and a nightclub use, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To amend and reordain Ordinance No. 2016-261, adopted November 16, 2016, which authorized the special use of a portion of the property known as 1407 Cummings Drive for the purpose of a residential use with up to 40 units accessory to a vocational school and other permitted principal uses on the property, to authorize additional multifamily dwelling units and a nightclub use, upon certain terms and conditions.

REASON: The applicant is proposing to modify the arrangement of the dwellings on the fourth floor of the tower portion of the building on the property from a dormitory arrangement with sixteen beds to a multifamily dwelling with four dwelling units. The current arrangement of the tower was authorized by Ordinance No. 2016-261. The applicant is requesting that the entire tower portion of the building on the property also be permitted as multi-family residential use in the event that the vocational school no longer uses some or all of the dwellings to house its students. The applicant is also proposing to add a nightclub use to the property, which is permitted with a conditional use permit; rather than seeking a separate conditional use permit, the applicant is requesting that the nightclub use be authorized through the special use permit amendment.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item

will be scheduled for consideration by the Commission at its July 19, 2021 meeting.

BACKGROUND: The subject property consists of a 9.25 acre parcel of land improved with an industrial building containing call center, warehouse/distribution, and a vocational school with accessory residential uses. The property is located in The Diamond neighborhood of the Near West planning district and is bound by Interstate 95/64, Cummings Drive, and Durham Street.

A previous special use permit (Ordinance No. 2016-261) authorized the special use of a portion of the property known as 1407 Cummings Drive for the purpose of a residential use with up to 40 units accessory to a vocational school and other permitted principal uses on the property. The applicant seeks to modify the arrangement of the residential use on the property in addition to adding a nightclub use to the property. Therefore, an amendment the Ordinance No. 2016-261 is necessary.

Richmond 300 recommends a future land use of “Industrial Mixed-Use” for the property. The primary uses recommended for Industrial Mixed-Use are retail/office/personal service, multi-family residential, cultural, and open space. Secondary uses are institutional and government. The intensity recommended for Industrial Mixed-Use is typically medium-to high-density, with typical building heights ranging from three to eight stories. The development style is a mix of building types with low-scale post-industrial buildings that are adapted for a new use adjacent to new taller residential and/or office buildings. Buildings should have street-oriented facades with windows and door openings along street frontages. New developments should continue or introduce a gridded street pattern to increase connectivity. Pedestrian, bicycle and transit access must be prioritized and accommodated, and new driveway entrances are prohibited on the main street frontages with minimal driveway entrances on secondary streets as alley access should be utilized where possible. Parking area should be located to the rear of street-facing buildings.

The property is also located within the “Greater Scotts Addition” primary growth node, which envisions the subject property to be located within the Industrial Mixed-Use District, which is an area that combines entertainment, residential, office and light industrial uses.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City’s budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
