RE: To authorize the special use of the property known as 309 Hooper Street to allow the construction of a single family detached dwelling, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 309 Hooper Street to allow the construction of a single family detached dwelling, upon certain terms and conditions.

REASON: The applicant is requesting a Special Use Permit which would allow for the construction of a single-family detached dwelling within an R-5 Residential (Single Family) zone on an existing lot with an overall size smaller than 6,000 square feet, lot width of less than 50 feet, front yard less than 25 feet, side yard less than 5 feet, and lot coverage greater than 35 percent; whereas, dwelling units within the R-5 Residential zone are required to meet such requirements. A Special Use Permit is therefore requested.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its July 18, 2022, meeting.

BACKGROUND: The property is located in the Northern Barton Heights neighborhood at 309 Hooper Street, between Griffin and Fendall Avenue. The property is currently a 1,446 sq. ft. (.033 acre) parcel of land that contains the foundations of a previous structure. The application requests to allow the construction of a single-family detached dwelling that does not meet zoning code requirements for overall lot size, lot coverage, or front and side setbacks.

The City's Richmond 300 Master Plan designates a future land use for the subject property as Residential. This

designation is defined as a “Neighborhood consisting primarily of single-family houses on large- or medium-sized lots more homogeneous in nature.”

Primary Uses: Single-family houses, accessory dwelling units, and open space.

Secondary Uses: Duplexes and small multi-family buildings (typically 3-10 units), institutional, and cultural.

The current zoning for this property is R-5 Residential (Single Family). Adjacent properties are zoned the same R-5 zone and the surrounding land uses include primarily residential. The proposed development has a density of 30 units per acre.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City’s budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
