RE: To authorize the special use of the property known as 1301 North Arthur Ashe Boulevard for the purpose of a drive-in theater, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 1301 North Arthur Ashe Boulevard for the purpose of a drive-in theater, upon certain terms and conditions.

REASON: The applicant is requesting a special use permit to allow for the use of a portion of the property for a drive-in theatre. Drive-in theatres are not permitted in the TOD-1 Transit-Oriented Nodal District. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its May 3, 2021, meeting.

BACKGROUND: The subject property consists of an approximately 11 acre parcel that contains a movie theatre with a large surface parking area. The property is located in the Scott's Addition neighborhood and is generally situated between North Arthur Ashe Boulevard to the west, West Leigh Street to the south, and CSX railroad to the north and east.

The subject property is located within the TOD-1 Transit-Oriented Nodal District, and was rezoned from M-1 Light Industrial during the Scott's Addition rezoning in July 2017. The proposed drive-in theater use is not a permitted principal or accessory use in the TOD-1 District.

The Richmond 300 Master Plan recommends a future land use of “Destination Mixed-Use” for the property. The primary uses envisioned for Destination Mixed-Use are retail/office/personal service, multi-family residential, cultural, and open space. Secondary uses are institutional and government. The development style envisioned is higher-density, transit-oriented on vacant or underutilized sites. New development should be urban in form, may be of larger scale than the existing context, and should pay special attention to the historic character of the existing context. Development should enhance the public realm and create a sense of place, with many vertically mixed-use buildings. The recommended intensity is high with new buildings typically a minimum of five stories. Pedestrian, bicycle and transit access must be prioritized. The subject property is also located within the “Industrial Mixed-Use” district of the “Greater Scott’s Addition” primary growth node of Richmond 300, which envisions a “continued evolution of Scott’s Addition by combining entertainment, residential, office and light industrial uses.”

Light industrial, multi-family dwellings and commercial uses are located to the south of the property, along Myers Street and North Arthur Ashe Boulevard. Light industrial and general commercial uses are located to the west of the property, on the opposite side of North Arthur Ashe Boulevard. A CSX railroad is located to the north and east of the subject property.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City’s budget for this or future fiscal years.
