RE: To authorize the special use of the property known as 1615 Rear Hanover Avenue for the purpose of subdividing the parcel in order to create 10 parcels with garages as a principal use on each parcel subject to terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 1615 Rear Hanover Avenue for the purpose of subdividing the parcel in order to create 10 parcels with garages as a principal use on each parcel subject to terms and conditions.

REASON: The structure contains ten individual residential garage units of approximately 258 square feet of floor area. Each unit is separated by a masonry wall that extends above the roof line in order to provide fire containment. The zoning ordinance allows these units to be accessory uses only to those dwelling units on “the same entire block” as the principal uses. The applicant wishes to subdivide the garages along the party walls into ten units and then sell them to prospective owners who may own principal uses on the block. A Special Use Permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its October 4, 2021 meeting.

BACKGROUND: The property is located in the Fan neighborhood and is accessible only by an alleyway extending between North Vine Street and North Lombardy Street. The property is currently improved with a 2,580 square foot detached ten unit garage structure. The property owner reserves two garages for use by the home located at 1615 Hanover Street. The remaining units are leased to nearby home owners. The applicant wishes to subdivide each garage unit as a standalone fee simple property. The remaining unreserved garage units would be sold.

The City of Richmond’s *Richmond 300* Master Plan designates a future land use for the subject property and the surrounding area as Neighborhood Mixed-Use. This area is characterized by highly walkable urban residential neighborhoods. The plan specifically calls for parking areas to be located behind buildings that face the street.

The current zoning for this property is R-6 (Single Family Attached Residential). All adjacent properties are located within the same R-6 Residential Zone. A mix of residential densities are present in the area.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City’s budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.
