RE: To authorize the special use of the property known as 3413 S Street for the purpose of a single-family attached dwelling, upon certain terms and conditions.

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 3413 S Street for the purpose of a single-family attached dwelling, upon certain terms and conditions.

REASON: The applicant is proposing to construct an addition to an existing single-family attached dwelling which would cause the property to exceed the lot coverage requirement of the R-5 Single-Family Residential District. A special use permit is therefore required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its June 4, 2018, meeting. A letter outlining the Commission's recommendation will be forwarded to City Council following that meeting.

BACKGROUND: The subject property consists of a 1,727 SF or .04 acre parcel of land improved with an existing two story, 992 SF vacant building constructed, according to tax assessment records, in 1910. The building is located in the East Planning District and the City's Oakwood neighborhood.

The City of Richmond's Master Plan designates the subject property for Single-Family Low Density land uses which includes, "...single-family detached dwellings at densities up to seven units per acre... (as well as) ... residential support uses such as schools, places of worship, neighborhood parks and recreation facilities, and limited public and semi-public uses. Typical zoning classifications that may accommodate this land use category: R-1, R-2, R-3, R-4, and R-5." (City of Richmond, Master Plan, p.133).

Specifically for the East District, the Master Plan states "vacant and deteriorating housing is a problem district-wide...A continued need exists to stabilize older low-income residential neighborhoods such as... Oakwood" (p. 163). "Structures deemed appropriate for rehabilitation should be revitalized in order to maintain as much of the area's stock of architecturally significant buildings as possible and improve the neighborhood." (p. 169).

The current zoning for this property and adjacent properties is R-5 Single-Family Residential. Single- and two-family residential uses predominate the area, with some institutional and commercial land uses present as well.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.
