O & R Request

DATE: July 8, 2021

EDITION: 1

TO: The Honorable Members of City Council

THROUGH: The Honorable Levar M. Stoney, Mayor (Patron: Mayor, by Request)
(This is no way reflects a recommendation on behalf of the Mayor.)

THROUGH: J.E. Lincoln Saunders, Acting Chief Administrative Officer

THROUGH: Sharon L. Ebert, Deputy Chief Administrative Officer for Economic Development and Planning

FROM: Kevin J. Vonck, Acting Director, Department of Planning and Development Review

RE: To authorize the special use of the property known as 3101 East Marshall Street for the purpose of a mixed-use building upon certain terms and conditions

ORD. OR RES. No.

PURPOSE: To authorize the special use of the property known as 3101 East Marshall Street for the purpose of a mixed-use building upon certain terms and conditions

REASON: The subject property is located on the corner of East Marshall Street and North 31st Street which is within the R-63 Multi-Family Urban Residential District. Multi-family dwellings and commercial uses on corner lots are permitted uses in this district, however, the proposed development would not meet dimensional requirements for lots in the R-63 District. Therefore a special use permit is required.

RECOMMENDATION: In accordance with the requirements of the City Charter and the Zoning Ordinance, the City Planning Commission will review this request and make a recommendation to City Council. This item will be scheduled for consideration by the Commission at its August 16, 2021 meeting.

BACKGROUND: The property is located in the Church Hill neighborhood on the corner of East Marshall Street and North 31st Street and consists of 0.124 acres, or 5,400 square feet.

The Richmond 300 Master Plan Map indicates Neighborhood Mixed-Uses for the subject property. This designation is described as existing or new highly-walkable urban neighborhoods that are predominantly residential with a small, but critical, percentage of parcels providing retail, office, personal service, and institutional uses.

Development Style: Future development should generally complement existing context. Setbacks, plazas, and parks create a sense of place and community gathering areas. New developments on larger parcels continue or introduce a gridded street pattern to increase connectivity within the neighborhood and to adjacent neighborhoods. In historic neighborhoods, small-scale commercial uses exist today or should be allowed to reestablish. In new neighborhoods, small scale commercial buildings should be introduced.

Ground Floor: Regardless of use, buildings should engage the street with features such as street oriented façades with windows and door openings along street open space, front porches, elevated ground floors, and other features that provide a sense of privacy should be provided for residential uses.

Mobility: Pedestrian, bicycle, and transit access are prioritized and accommodated. Bike parking is provided. New driveways are prohibited on Priority and Principal Street frontages. Vehicular access to parcels should use alleys wherever possible.

Intensity: Building heights are generally two to four stories. Buildings taller than four stories may be found along major streets. Parcels are generally between 1,500 and 5,000 square feet.

Primary Uses: Single-family houses, accessory dwelling units, duplexes, small multi-family buildings (typically 3-10 units), and open space.

Secondary Uses: Large multifamily buildings (10+units), retail/office/personal service, institutional, cultural, and government.

The subject properties, as well as the adjacent properties to the north, south and east are located in the R-63 Multi-Family Urban Residential District. Properties to the west are in the R-8 Urban Residential District. A mix of single-, two-, and multi-family residential, vacant and institutional land uses are located in the vicinity of the subject property.

FISCAL IMPACT / COST: The Department of Planning and Development Review does not anticipate any impact to the City's budget for this or future fiscal years.

FISCAL IMPLICATIONS: Staff time for processing the request; preparation of draft ordinance; and publishing, mailing and posting of public notices.

BUDGET AMENDMENT NECESSARY: No.
